Sir,

Referring to the copy which you were good enough to favor me of your letter of the 22nd instant addressed to Mr. John Holifer No. 4II929 I beg to enclose an incomplete declaration made by Mr. Holifer In August I897 from which it would appear that up to that time the young man had not been living with his father.

I would respectfully suggest from such information as reached me it is undesirable that Mr. Holifer shall be allowed to retain the N. E. I/4 24. 44. 23. W. 4. M. and I doubt very much whether he really wants the land.

The resident settlers all over this district are experiencing considerable disadvantage from just such opperations as appears to characterize the Holifer case.

Last mail I received two letters, one From Mr. Gilber Svensen and the other from Mr. James S. Robertson , and the both of them states that Mr. Holifer has not as yet returned on his homestead.

Sir,

In reply to your letter of the 6th instant, No 20223, I am directed to say that it appears from the report of the Homestead Inspector, dated the 1st July,1898, that Mr John Holifer is living with his father on Sec. 30 Tp 46 Rge 22, W. 4th M., and if this be the case it will not be necessary for him to live upon his homestead, the S.E. ¼ 24--44--23, W. 4th M. John O. Holifer, who holds as a homestead the E ½ 24 44 23 W 4 M, has, under the law, the right to reside with his father in the vicinity. It is, however, necessary for him to improve his homestead and he was warned to this effect by my Department in September last. He cannot be expected to carry forward any improvements in the Winter season, but if he fails next Summer to shew his good faith by at least bringing a portion of the land under cultivation I am satisfied that he will get no further indulgence.

Sir,

I beg to inform you that your application for patent for the N.E.¼ 24--44--23, W. 4th M., has been received here but the Commissioner is not disposed at present to accept it in consequence of certain apparent discrepancies. In your evidence you say that you built your house in September, 1898, and lived continuously on the land; but in your statement of the 8th March, 1901, you state that since 1896 you lived on the place one half the time only. It is necessary that you should explain the difference in the two statements before your case can be further considered.

On the 31st December, 1896, Mr. W.E. Schroeder purchased at $3 per acre the fractional N.E.¼ of Section 12, Township 37, Range 26, West of the 4th Meridian, containing 57 acres, and has paid on account thereof $42.75.

Mr. Schroeder now writes under date the 31st ultimo stating that the land is of no value as farming land being very hilly and stony and only fit for pasture, and although he made one payment at $3 per acre, he thinks the land is not worth half that price, and asks that the rate per acre be reduced.

Mr. Clayton reports that the field notes show that the land is "very hilly with small poplar and several small "swamps. Soil sandy loam with subsoil of sand and clay class 2."

As Mr. Schroeder knew the nature of the soil when he purchased it and did not then apparently object to the price, I do not think the Department would now be justified in making a reduction.

I beg to acknowledge the receipt of your letter of the 3rd instant and to say that if you have already resided for 6 months upon the S. W. I/4 2. 55. 22. W. 4. M. during each year since the entry was obtained it would appear that you have fulfilled the requirements of the law to this date.

With regard to your suggestion that you shall be allowed to perform your settlement duties for the balance of the term while continuing to reside exclusively at Fort Saskatchewan I fear that at the last new [illegible] it is impossible to comply with your request.

I understand from Mr Adamson that during your absence from the homestead there is either a tenant or servant in residence, carrying on improvements.

If this is the case it would be well for you to write at once to the Department and say so. It is possible that the Commissioner might in consideration of the actual occupation of the place of your servant tenant or agent consent to relieve you of the necessity of residing upon your homestead quarter, for a year or such moderate term as will enable you to thereafter complete your unfinished duties.

Sir

I beg to acknowledge the receipt of your letter of the 6th inst. and to say that I resided for six months upon the S.W. ¼ Sec. 22. Twp. No. during the year 1897

I beg to request that I shall be allowed to postpone my settlement duties for the balance of the term whilst I continue to reside exclusively at Fort Saskatchewan being only one mile from my homestead. My professional business renders it almost impossible to take up my permanent residence on the homestead.

Sir,

Referring to your letter of the 15th inst., file 17009, addressed to P. Aylen, M.P., I am directed to say that it would seem from the terms of P. Sir

I am in reply to your letter of the 28th June 1899 No 24171 File No 17009. I beg to state that I have thirty-five acres in crop this year and good building on my homestead Sec 14 Tp 53 R 22 W 4th M and the whole 160 acres fenced with a good wire fence. I had a great deal of trouble finding water and was obliged to dig three wells before I struck water and then had to move my building to the water which took up nearly all of last Summer. Consequently I was unable to have much breaking done. I have kept a man continually on my homestead breaking Improvements since I made my entry.

I would like to purchase my homestead as I find it would interfere too much with my business to reside on it continually. Under the Statute I should be allowed Commutation for all my improvements. I would be willing to pay $1.50 an acre and would like to pay for it in three annual payments. Can

Sir,

I beg to acknowledge the receipt of your letter of the 15th and to say that it is being transmitted to the Department with my report that the statement which you give of improvements affected upon the S. W. 1/4 S. 35. 22 . W. 4. M. is substantially correct.

In as much as the law permits purchase at $3. per acre only after the performance of 12 months residence I scarcely see how it is possible to recommend a sale to you at $1.50 per acre in the absence of substantial residence. It is evidently not a matter for treatment under the regulations and it is possible, in consideration of the residence of your agent or servant the department may be able to meet your views . Memorandum.

I submit for consideration the application of R. Aylen, M.D., Fort Saskatchewan, to purchase his homestead, the S.W. ¼ of 2, 52, 22, W. 4th M. Dr. Aylen made entry for the quarter-section in December, 1896, and has resided upon his homestead for about 6 months. According to a report recently received from the Inspector there are 30 acres in crop, a house, 16x20, valued at $120.00, granary, stable, well, and 2 miles of wire and rail fencing. Dr. Aylen claims that he has kept a man constantly on the homestead making improvements. He finds that his professional duties will not permit of his performing the necessary residence duties, and asks in view of what he has done that he may be allowed to purchase the quarter-section at $1.00 per acre in lieu of further residence. The Inspector values it at $3.00 per acre.

Respectfully submitted,

Jas. A. Smart, Esq.,

Dear Sir:

RE: Norman Fiske Reg. #13595
S.E.¼ 21 & N.E.¼ 16-27-26-W.4.

The Loan Advisory Board in this office recently approved of the purchase of the above land from one Thomas Gummow. An investigation of the title showed, however, that the actual certificate only covered an acreage of 306 acres. This will be seen from the following copies of the description in the respective titles. That in the certificate covering the South-east quarter of 21 reads as follows:-

"of and in all that portion of the South-east quarter of Section Twenty-one of Township Thirty-seven, Range Twenty-six, West of the Fourth Meridian in the said Province, which is not covered by any of the waters of a certain surveyed lake as shown upon a map or plan of survey of the said township approved and confirmed at Ottawa on the 23rd day of December, A.D. 1884 by Edouard Deville for the Surveyor General of Dominion Lands and of record in the Department of the Interior, containing One hundred and forty-eight acres, more or less, reserving unto the Canadian Pacific Railway Company all Coal on or under the said land."

while that in the certificate covering the North-east quarter of 16 reads as follows:-

"of and in all that portion of the North-east quarter of Section Sixteen in the Thirty-seventh Township in the Twenty-sixth range, West of the Fourth Meridian in the Provincial District of Alberta, in the North-west Territories in the Dominion of Canada, not covered by any of the waters of a surveyed lake, containing by admeasurement One hundred and Twenty-five acres more or less as shown upon a map or plan of survey of said Township approved and confirmed by Edouard Devill for the Surveyor General of Dominion Lands, date at/

4424340

at Ottawa the 23rd day of December A.D. 1884 and of record in the Department of the Interior; and secondly all the remaining portion of the said quarter section which is shown by the said Plan of the township to be covered by the said waters of the surveyed lake aforesaid, such remaining portion containing an area of Thirty-five acres more or less; the land and land covered by water hereby granted containing by admeasurement together One hundred and Sixty acres more or less; reserving unto Her Majesty, Her Successors and Assigns all mines and minerals which may be found to exist within, upon or under such lands, together with full power to work the same, and for this purpose to enter upon and use and occupy the said lands or so much thereof and to such an extent as may be necessary for the effectual working of the said minerals or the mines, pits, seams and veins containing the same."

You will note that the title to the South-east quarter only covers One hundred and forty-eight acres, the remaining twelve acres being at the time of survey under the waters of the Lake. The land comprised in this twelve acres is now high and dry, however, the lake having receded and Mr. Gummow has cut hay from a large portion of this twelve acres for the last fourteen or fifteen years.

You will note that thirty-five acres was at first held out of the North-east quarter of 16. This area probably being also covered by the waters of the Lake at the time the survey was made, but when Mr. Gummow made his application for patent he represented that this acreage was useful for hay and applied to have the title to the thirty-five acres issued in his name.

This you will note was incorporated and patent issued covering the whole 160 acres. I have now received instructions from our Loan Advisory Board to make application to the Department of the Interior with a view to having title issue to the Board covering the twelve acres in the South-east quarter of 21 mentioned above, but I understand from Mr. Staples, Assistant Western Counsel, that it is the desire of Head Office that all communications with the Department of the Interior at Ottawa, shall be forwarded through it.

I shall, therefore, esteem it a favour if you will take this matter up with the Department with a view to obtaining title to this twelve acres and if there is any special procedure to be adopted in connection therewith, kindly let me know.

Yours truly,

"SYDNEY R. VALLEAU"

District Solicitor.

Sir,

Referring to the letter of Mr. G.McKay, dated the 22nd ultimo, [illegible] in the Department, I would say that upon according the matter to his application for patent for the South East ¼ of Section 14, Township 1, Range 27, West of the 4th Meridian, it is found that he made entry for the said quarter section, but that his homestead records, during the years 1904-1905 and 1906. It is evident, therefore, that the latter has not completed before the 2nd of June 1909, the date when the privilege of a second homestead entry ceased, and for this reason it is not possible to grant him a second homestead. I might add that this being a statutory provision, the Minister has no power to make an exception in favor of any one.

It is observed that Mr. McKay complains that because he did not enter for a pre-emption with his first homestead ~~that~~ he should now be allowed to take up an additional quarter-section. Unfortunately, it is not possible to meet his wishes, as the present Dominion Lands Act does not permit of pre-emption being taken up. All a settler is entitled is 1 section of 160 acres as a homestead.

Mrs. Hunt is a poor widow struggling along to make a living for herself and children and I would strongly recommend that this homestead be held for her son until he is 18 years of age. Mr. Dixon.

My entry of the late Chas. Hunt appears to have been cancelled in January last. It seems, however, that the widow of the deceased homesteader has been making preparations to go into permanent residence on the land and complete the duties, and, I think, under the circumstances, the entry might be reinstated and she might be allowed until the 1st May next to make up her residence. I do not think that re-entry has been granted by the Agent.

Sir,

Referring to your letter of the 2nd July last, 3070C, I beg to enclose Mr.Coleman's report on Mr.Wm. Shreeve's case, S.E.¼ 14-[illegible]-25 W.4th M.

I presume that if you consider that the circumstances of the case are such as to give Mr.Shreeve a justifiable claim for compensation, in respect of the portion of his homestead of which he has been deprived, the Minister, upon a recommendation from you to that effect, might be disposed to submit a proposal to his Excellency in Council.

In my opinion permission to select a legal subdivision now vacant and available for disposal would constitute a fair and equitable settlement.

In selecting a homestead a settler must take his 160 acres in a compact parcel but if, by any means, he is deprived of a part of his homestead, it is, perhaps, not unreasonable to suppose that a grant of other land in compensation is quite within the powers of the Governor-in-Council and that, if adjoining land is not available, the spirit and intent of the D.L.Act is carried out although the land selected may be at a distance from that originally entered for.

OFFICE OF THE COMMISSIONER OF DOMINION LANDS,

Winnipeg, Man. 24th September, 1[illegible]

Sir,

I am directed by the Commissioner to submit the following case for the consideration of the Minister, and to request that it may be laid before him for decision.

One William Shreeve made homestead entry for the fractional S.E.¼ of Section 14, Township 04, Range 20, W.4. M., ~~but~~ was at the time informed at the Local Agency that it contained 120 acres. He was apparently satisfied to accept this area, but when he subsequently discovered that his entry only covered 100 acres, owing to an oversight of the Agent in not informing him of the disposal of a certain portion of it, he felt himself aggrieved, and addressed the Commissioner with a view to obtaining 20 acres elsewhere in satisfaction of the amount to which he was entitled under an ordinar, homestead entry.

Enclos: The Commissioner referred the matter to the Agent for report, and I enclose a copy of his reply, dated the 17th instant; also of the report of Mr. Homestead Inspector Coleman which accompanied it. The Commissioner is disposed to concur with Mr. Bolton's view of the matter, and thinks that the requirements of the case might be met by allowing Mr. Shreeve to acquire a legal sub-division of land, available for the purpose, elsewhere, and he begs to recommend accordingly.

Sir,

Acting on instructions from the Edmonton Land Office in re S.E.¼ of 14--54--25 W. of 4th, which is a fraction of 100 acres, as the River Survey have taken all the balance, after my having broken 5 acres and fenced the whole fraction of 120 acres that I entered for, I have been advised by the Dominion Lands Agent at Edmonton to apply to you for a fractional ¼ to make good my 160 acre homestead. I now beg to apply for the N.E.¼ of 8--55--27 W. of the 4th M., which contains 72 acres, as to the 12 acres over I think that in lieu of my improvements on the 20 acres taken from my original entry I am entitled to the whole fraction of 72 acres on my payment of the office fee of $10.

I arrived here from England 3 years ago and now have 60 acres under cultivation with buildings and farming implements, stock, &c., and expect to be treated as fair as any of the other settlers.

Sir,

I am directed to acknowledge the receipt of your letter of the 2nd instant. No. 37/Sol. Ref. 357066 and to say that the question of the difference between William Greeve's homestead and the land which he is to acquire to make up the quarter section mentioned is not of great importance, but the fact noted in my letter of the 21st ult. is that the South East quarter of Section 2. Township 58. Range 27. West of the 4th Meridian, is not a fractional quarter-section appears to have been overlooked in your office as it is not noted upon that point. It is therefore suggested that the Commissioner write to Mr. Greeve and point out that he must have made a mistake in his description.

Sir,

In further reference to your letter of the 21st November last, File 412372, I beg to say that a report has now been received from Mr. Homestead Inspector Coleman a copy of which I enclose herewith, upon the fractional N.E.¼ of Section 8, Township 57, Range 25, W.4, which land Mr. W.Shreeves desires to acquire in order to bring his homestead entry for the S.E.¼ of Section 14, Township 54, Range 25, W.4, to the area of 160 acres. It will be observed Mr.Coleman states that the land is not valuable for either timber or hay and for this reason there would seem to be no objection to allowing Mr. Shreeves to acquire it. Please advise me of the decision arrived at in the matter.

Sir

I entered for the fractional S.E. ¼ of Sec 14 - 54 - 25 W. 4th M. and got receipt for the same for 120 acres. I now find that there is only 100 acres, as the N.E. subdivision of the ¼ is Patented. I made entry on June 3rd 1893, I have one 46 acres under cultivation 5 acres of which are on the said 20 acres, and the whole 120 acres is well fenced, So it would be for me to receive remuneration for the loss of the 20 acres and all the work of breaking and fencing, I think I am entitled to be allowed to take enough land to finish the 160 acre homestead, on some fractional ¼ that is open to settlement.

I was informed before leaving England by Dominion Emigrant Agent that I would receive 160 acres for homestead, and as I have complied with all the regulations of the Department I ask that justice be done in this case

Sir,

Referring to your letter to Mr wm Shreeve of the 12h inst Ref S 7066 I beg to say that when this gentleman made entry our books showed that the frac S? ¼ 14- 34- ?? W?th M contained 120 acres . In fact it contained only 100 acres , the W½ of L.S. 5 as well as well as the whole of L.S. 7 having been included in the entries of Felix D. Savard (in connexion with Ld ?? St Albert) It was however , omitted to make note of this in the township register - consequently the agent and Shreeve supposed that the latter was securing 120 acres and the interim receipt no doubt specified this area . Under the circumstances Mr Shreeve is probably entitled to consideration and I would respectfully suggest that he be permitted to select from any vacant Dominion lands now available one legal subdivision or a legal subdivision and a half as compensation for the loss which he may have suffered . This will bring his whole area up to 140 acres . I presume that an order-in - Council would be necessary to give effect to the arrangement .

Inasmuch as our records show all the particulars of the circumstances under which he has lost the 20 acres it is not necessary to enquire into the allegation made by Mr Shreeve as to cultivation and improvements . I do not think that a grant of 20 acres elsewhere would constitute an excessively generous settlement of the affair.

Sir,

Referring to your letter of the 2nd July last 357066 I beg to enclose Mr Coleman's report on Mr Wm Shreeve's case, S E ¼ 14- 54- 25 W4th M.

I presume that if you consider that the circumstances of the case are such as to give Mr Shreeve a justifiable claim for compensation , in respect of the portion of his homestead of which he has been deprived , the Minister, upon a recommendation from you to that effect, might be disposed to submit a proposal to his Excellency in Council .

In my opinion permission to select a legal Subdivision now vacant and available for disposal would constitute a fair and equitable settlement .

In selecting a homestead a Settler must take his 160 acres in a compact parcel but if, by any means , he is deprived of a part of his homestead , it is, perhaps, not unreasonable to suppose that a grant of other land in compensation is quite within the powers of the Governor- in - Council; and that, if adjoining land is not available, the spirit and intent of the D.L. Act is carried out altho the land selected may be at a distance from that originally entered for .

One William Shreeve made homestead entry, for the fractional S.E.¼ of Section 14, Township 6, Range 20, W.1. ..., but was at the time interested at the local A[illegible] office, [illegible] discovered that he contained [illegible] acres. The Commissioner is disposed to concur with the Agent's view of the matter, and thinks that the requirements of the case might be met by allowing Mr. Shreeve to acquire a local sub-division of land, available for the purpose, elsewhere, and he begs to recommend accordingly.

For this reason the enquiry was devoted to Sec 14 , 54, 25 in respect of which the claim has originated . -

As to the frac N E ¼ 8, 57, 25 it appears to be the land which Mr Shreeve has had in view from the first altho according to your letter to him of the 17th December last some confusion seems to have existed on this point -

The land in question (frac NE ¼ 8) is not valuable for its timber but Mr Coleman will be asked to examine and report concerning it on his next visit to the locality .

Sir:-

The Agent at Lethbridge has referred to me a claim by Wm,Lee. I think,that in most of the correspondence with that gentleman,he has been known as Wm.S.Lee. In his affidavit before Mr.D.L.S.Wilkins,he styles himself Wm.Lee only. His claim is for the W.½.of Sec.1 - 8 - 3 west 5th Meridian. Tp.7 - 2 w. 5th Meridian was subdivided in 1886,at which time the S.E.angle of his claim was established,so that Mr.Lee should have had no difficulty in ascertaining where he was settling. There is,however,I presume,no reason why the land in question should not be sold him and it may be decided that he should be given homestead entry to one quarter of it. There are several similar cases now pending before the department in Tp.4 Rgs.28 & 29 west 4th Meridian. There is one point,however,in connection with Mr.Lee's affidavit to which I particularly desire to draw your attention. In reply to Question 44he states,that he never had a squatters claim before. To my own knowledge,he has had at least Three prior to this and how many more,I do not know. One of them at the junction of Pincher Creek and the Old Manis River in Tp.7 - 28 w. 4th (File of your office 146.471 letter 18th May 1888). Another,see letter from Mr.Burgess to myself dated the 27th May 1890,without referen-

reference number, dealing with a claim to sulphur springs in the Crow's Nest Pass. If you will refer to Township 7 Rg.2 west 5th Meridian, you will observe that a portion of Section 8 is occupied by this gentleman. He purchased a portion of the section or all of it from the Hudson's Bay Company; but never completed the purchase. This gentleman also at one time had a trading post on Lee's Creek and the name of the stream was derived from him; what he did with that, I do not inow, it was before there was any administration of lands in this country.

This brings up a point upon which I should like to have a r ruling or expression of opinion both from the Deputy Minister an and the Commissioner, namely, when it is apparent to any official in dealing with any matter, that the affidavit or statement made by claimants xxx is erroneous, even if such statement may not have any direct bearing on the question at issue, is it not necessary or advisable that attention should be called to the fact ? so th that the claimant may have an opportunity of explaining the inaccuracy.

MEMO.

Mr. Pearce states in his letter of 23rd Sept. last (John Quirk file 3527-0) that this is one of the cases coming to which principle is involved similar to that affecting the Quirk case. In that matter the Deputy decided that Quirk's application for entry to pasture of an old section-upon which the applicant before entry- he stated- and it would appear as if this case presented an equally good claim for favourable consideration.

The Deputy has also decided that same case of this nature-applicant on an old section before [illegible] should be granted on his merits, and [illegible] favours the view taken by the Commissioner in regard to [illegible] Special reference is made to Commissioner's letter of 7th. Calgary, Alberta, 4th November, '96

Dear Mr. Smith,

Enclosed herewith find copy of letter sent the Agent at Lethbridge, relative to the case of Mr. W.S. Lee. I should like to be advised of the standing of the so-called Mrs. Lee and her issue, assuming, of course, that Lee never legally married her. He was one of those old timers commonly known as "squaw men", who frequently never lived for any considerable period with the same woman. They either traded them off or sold them periodically. They very often bore children to them. In a case such as above cited what legal standing has the wife or so-called wife of the deceased and her offspring? Of course, Mr. Lee is merely a squatter. What action has to be taken?

I remain,

Yours very truly,

Sgd. Wm. Pearce.

Dear Mr. Pearce,

I have your letter of the 4th instant, No.1272, D.f.1898, in reference to the case of [illegible]. It appears to me that under our practice it would be impossible to recognize in her any right to the land occupied by the late T.S.[illegible]. If she were his only so-called wife, and provided that he had children by no other squaw, it might be a case which the Department should consider under the rules of the Department of Justice, which I now quote.

"Where [illegible] dies [illegible] and [illegible] "[illegible], and [illegible] is illegible, as "it has [illegible] that [illegible] a squaw [illegible] "person to whom [illegible] children. It [illegible], however, that "every case of this kind should be decided [illegible] its legal "merits, it [illegible] impossible to lay [illegible] "general rule."

As you, however, [illegible] it was [illegible] a "squaw man" or trader or [illegible] squaw, [illegible] matrimonially, the case presents difficulties which I do not see how we can well overcome.

Lee squatted upon this half section prior to survey. When the township was subdivided he made a statement on oath before F. W. Wilkins, D.L.S., dated the 9th October, 1895, that he squatted upon the land during the year 1892, claiming the North West quarter as a homestead and the right to purchase the South West quarter and has considerable improvements. In this statement in reply to question 3,"Married or Single," he gives himself as married, although in the subsequent correspondence doubt is thrown upon this statement. However, whether married or not, it appears he is now dead and has left a widow(?) and family. The Commissioner in his letter to Mr. Pearce, dated the 12th November last, appeared to be in doubt as to whether a squatter upon land either before or after survey acquires

A. M. Burgess, Esq.,
Deputy Minister
of the Interior.

acquires thereby a right which can be claimed by his widow or legal representatives. This point is, I think, satisfactorily settled in the case of Louis Dupuich and the South East quarter of Section 29. Township 23, Range 15 West of the 1st Meridian, who died before entry and left a widow and family(300962). In this case the claim to the land being recognized the Commissioner was told that the widow or any of the legal representatives should be permitted to enter for the land, but when the title should be earned the patent to issue to the personal representative of the deceased.

The land in question, West half of Section 1, Township 8, Range 3 West of the 5th Meridian is vacant in the books here and is not within any Railway grant, and is therefore available should it be considered advisable to allow the entry. I attached a plan of the township in which the land is situated.

Dear Sir,-

On June 2/10 cancellation notice was posted against the entry of John Lee on S½ Sec 8 Tp 8 R. 3 W. 5th. He forwarded the duly filled out form to Lethbridge and received notice Aug 27th (412377) that cancellation proceedings had been abandoned.

Jno Lee has resided with his brother on S½ 12-8-3 since date of entry, and would like to know if this will be accepted as residence duties. He made entry before the act allow

residence with a brother, came in force.

Jno. Lee is unmarried, and for that reason has lived with his brother, half a mile from home-stead. He has made some improvements on same, and is working them at the present time.

If this would be considered as sufficient residence duties Jno. Lee would be strictly willing to make any necessary additions to the improvements called for under actual residence

Trusting to receive favorable reply.

Yours truly

Dear Sir,

Will you kindly inform me if a commission on the following subject is granted me?

My father died when I was a young child of the Town of Hull in the P.Q. Province of Canada. The circumstances were connected with drink; and during which time I was confined. After the death, which was granted to my mother it was found under. That is this, and since no less since then, having had an interview and received favourable return. I understand that my mother has now applied for letters. In my name.

My father died intestate, and it seems to me that my mother had no right to make entry in her own name but that the homestead should have been taken up as an estate, and held for the children, at the time of her age.

I should like to know if this is legal, and

It would appear that the West half of this Section was at one time held by W. S. Lee who was allowed to homestead one quarter section and to purchase the other, that the late W. S. Lee died, and that his widow was given the same privilege on behalf of her deceased husband's legal representatives.

Madam;

I beg to acknowledge receipt of your letter of the 25th ultimo, and in reply to say, in explanation, that the West ½ of section 1, township [illegible], range 3, West of the 5th meridian was at one time obtained by your father Wm. Lee to whom was issued authority to homestead one quarter-section and purchase the other. Your father, however, did not avail himself of this privilege before he died and subsequent thereto the same privilege was extended to your mother Rose Lee on the understanding that should she obtain the land she would hold the same only on behalf of the [illegible] representative of your late father.

The records here show that your mother Rose Lee obtained entry for the North West ¼ of section 1, but failed to purchase the South West ¼ of this section, which quarter-section was subsequently re-entered for as a homestead by one John Lee whom you state is your brother.

As already informed, your mother Mrs. Rose Lee was permitted to make entry only on behalf of your deceased

deceased father's legal representatives and letters patent will issue to the latter upon the completion of the requisite duties and when application is made therefor.

According to the Letters of Administration on file here your mother Mrs. Rose Lee has been properly appointed administratrix to the estate of your late father, of which estate the North West ¼ of section 1, township [illegible], range 3, West of the 5th meridian is considered a portion and she has been duly sworn to faithfully administer the real and personal estate and effects of the deceased, according to law.

As informed in Departmental letter to you of the 20th of May last, it would appear that sufficient duties have been performed to entitle the administratrix to apply for patent and for this purpose she should appear with her witnesses before the Dominion Lands Agent or a Sub-agent for the district.

Joseph Dupuis obtained Seed Grain in the name Wells but I have made a note of the correct name in my Seed Grain Index and in the Township Register.

I presume that when this person is entitled to patent it will be necessary to make the recommendation & grant in favour of Joseph Dupuis - this being the proper name.

The two acres is fenced and a good Corral made around the Stable.
A good well twelve feet deep well cribbed up.
I have been living on the place Since last May along with my wife and family of four children
About a month ago I found out for the first time that the township in which my land is was surveyed and open for homesteading.
I am not able to make entry now and make the necessary payment because I lost $104.00 due me for wages which I was depending on and am unable to collect.
I would therefore ask to be allowed three months from now to make my Entry.

Yours Respectfully
Joseph Wells

Sir,

I am directed by the Commissioner to draw your attention to the manner in which Mr. J. A. Royal has signed the application for patent of Joseph Dupuis for the South East quarter of Section 6, Township 51, Range 23, West of the 4th Meridian, namely, "for Local Agent of Dominion Lands for the District," instead of as "Senior Clerk the Agent being absent," as provided in the circular upon this subject. The Commissioner has decided to approve this application, but as the oversight on Mr. Royal's part has occurred in a good many instances lately he thinks that his attention should be drawn to the matter.

A fresh circular is now being issued in reference to the signing of applications for patent in the absence of the Agent, and it would be well for Mr. Royal to bear its terms in mind in the future.

Land commissioner Winnipeg N. W. T. April 10. 96

Dear Sir

I wish to ask you a few questions concerning unsurveyed lands in T. 51 R. 23 in Alberta & I would like to Squat on Section Six in that Township but I understand that there is a lease given on it for hay purposes to a man that has two homesteads. and I wish to know if that lease will prevent me from squatting on said land, and claiming squatters rights at once could that lease be canceled if not I will go back to Oregan, again as I have not found any thing else to suit me if that claim can be settled on this spring it will help five good settlers in the country, if not we will go back

please answer

Yours Respectfully

Sir,

You have been recommended for patent for the South West quarter Section One [illegible] Township [illegible] Range [illegible] West of the [illegible] Meridian, according to the official plan of survey, containing an area of 105 acres, the remainder of it being covered by the waters of a certain lake. To the Commissioner of Dominion Lands

[DOMINION LANDS OFFICE DOMINION N.W.T.]

Sir I hereby make application for the following described land namely the west ½ of S.E. ¼ of sec 21 T. 52 R. 27. W. of 4th M. for a hay meadow entry in dec. 1896 under the 3 year system. I made 6 months each year I would like to explain my circumstances as to why I did not perfect my claim but I am unable to do so

In the winter of 1897 I was on said land I was there in a little boat which I occupied

during the time I got out
logs & fence rails. I then
went to the south west ¼ of
sec 2 — 4 s 3 e. 27. & put
in my seed & returned to my
home stead until harvest a
little over 3 month during which
time I was breaking and clea
ring up — In 1898 I build
a log house 20 x 22 ft
deck on same & had done some
breaking I also bought the
s ½ s ½ 27 — 4 — 3
done some breaking on it
during winter time — still on
the home stead altogether
having about 3 acres in 120
Ac my supply of water was
very limited. I tried to
deepen my well in Spring
of 1907. as the source of
the scarcity of water is
sandrock and bottom I
made a hole and which
I managed to work into
it — and for 2 ft and
finally succeeded in getting
the sand taken out but
could not get the flow
satisfied and it was being
up until it stands 13
inches in the water level
with some indication
water for our horses
and cows and to keep
the house supplied of water.

two miles from it as my house on the S.W. side 2 so only 2 miles from the south line that would be all the difference.

The summer I was residing on home stead from fall till the middle of June I built an addition of sawed logs and roofed it with shingles 16 by 24 feet. Also on the S.W. ¼ of sec 27 I broke 15 acres and would of met the penalty if it were not for the fact that I was sick and could not get help.

Therefore I would ask you to give me the final entry of residing here on said land. The south place for grain raising so the reverse of this would be useful to me and be convenient to my self. As I believe the object of your home stead is to encourage the location of lands to increase the products and wealth of our country so that our children may have a home of their own and profitable to live upon.

Yours

no shortage of water in a great drawback to stock main (which I would have if I had combined with Schmidt only on the pump I have so far kept my stock on the south west corner of the 5-27 on which place I have an endless supply of water. Therefore I would ask your kindness to allow me the privilege to have stated and fixed under the note of hand

Sir-,

I beg to say in reply to your letter of the 18th. instant that there is no provision in the law to enable persons who obtained homestead entry subsequent to Jan. 1894 to perform the duties of residence and cultivation under what is known as the two miles ~~residence~~ conditions.

If there was any way of meeting your request I should be very glad in deed to make a recommendation to the Department but as matters stand I fear that it is useless to do so.

I am however reporting the facts of the case to the Commissioner of Dominion Lands who will I am satisfied be ready to do what is possible to assist you in your difficulty.

Memorandum,

Mr. Karl Pies, who holds under homestead entry the West half of the S. W. ¼ of 26, 52, 27, West 4th, 80 acres, finds that he cannot fulfil the residence conditions owing to the lack of water on his homestead. Mr. Pies claims to be residing on the N. W. ¼ of 2, 56 27, West 4th. He also owns the S. W. ¼ of 27, 52, 27, West 4th, on which he states there are 90 acres under cultivation. Mr. Pies has put in considerable residence upon his homestead, amounting to over 15 months altogether, has 30 acres under cultivation, 10 horses, 16 head of cattle, and 40 hogs. In view of the effort he has made to comply with the conditions of the homestead law, and to the cause which prevents him from completing the residence duties, I recommend that he be allowed to purchase the homestead at the price of $1 per acre in lieu of the performance of further duty.

I have the honor to inform you that an error occurred in locating the N.W. ¼ of John Child for the N.E. 12-46-23 W 4th the N.W. ¼ of that section having been erroneously entered for at Red Deer for Antoine Olson on the 10th Oct. 91.

The immediate cause of the error was in the lettering of the township register. It is altered & lettered N.W. S.W. N.E. S.E. On this case it was learned being the only instance I have come across S.E. S.W. etc.

I have changed the N.W. quarter section 12 John Child as Forage & Sergeant sending him Plat of Township & have sent in his matting the selection. I also reminded & wrote the first out in error & enclose for another in section

With reference to the recent application for homestead entry granted Mr. Ingvar M. Nickolson it is presumed that you informed the entrant that two acres of this quarter-section were patented to the Metiskow Lake School District No. 2726 of the Province of Alberta.

I might also point out that entry was granted subject to the payment of improvements at an Inspector's valuation. There is no evidence here that you have instructed an Inspector to report as to the improvements on the above described quarter-section when Mr. Nickolson secured entry and I am to ask you to have the Inspector furnish the necessary report, sending a copy here in order that our records may be complete.

Ottawa

Sept. 23th. 1906.

Hon. R. W. Scott,

Acting Minister of Interior,

Sir/-

I beg to enclose letter from Carl D. Lee of Cardston, Alberta, asking for survey of Brown Ranch, near that place, as settlers are anxious to take up the land. I beg to press strongly this request of Mr. Lee, as I have every reason to believe that the land is required for settlement. He also objects to the reservation of two sections in township three and four for stock-watering purposes, on the ground that the area is excessive. This is a matter that I most respectfully ask you to instruct the homestead inspector to inspect and report on in full, as I have reason to believe that in some cases stock-watering places have been reserved where they were not necessary, and in other cases an area larger in excess of the requirements has been reserved. I would like to see the inspector's

report on this subject when it is made.

Kindly reply and return letter of Mr. Lee.

Yours truly,

Sir,

Excuse the boldness I take in writing you but as there is a great many settlers now coming to this part of Canada and suitable locations are getting scarce they naturally began to look towards the Brown Lease which is now subject to entry, but as it has not been sub-divided they cannot locate if it is not asking too much of you would you kindly assist us in securing a subdivision of said land and the right of settling thereon, also there has been 2 sections reserved for stock watering in townships 3 & 4 of said land which is an injustice done to settlers you know that it does not take 2 miles for stock to water on.

Hoping you will give us your support in this matter.

Yours very respectfully,

Ottawa, 30th September, 1896.

Sir,

I beg to acknowledge the receipt of your letter of the 29th instant, enclosing a communication from Mr. Carl D. Lee, of Cardston, having reference to the lands included in the tract known as the Brown Ranch. It will not be possible at this late season of the year to cause the subdivision to be made immediately, but now that the land appears to be in demand, I will take care that a note is made of Mr. Lee's communication and your recommendation in that behalf, so that the Minister of the Interior may have it before him when considering the scheme of surveys for next year.

I shall cause immediate enquiry to be made to ascertain whether the area of land reserved for stock-watering purposes, to which Mr. Lee refers, is in excess of actual requirements. The result of this enquiry will be communicated to you in accordance with your request.

Mr. Lee's letter is returned herewith, a copy having been retained for record in the Department.

OFFICE OF THE

Superintendent of Mines,

Calgary, Alberta, 7th October 1896

LETTER No. 12,629
REFERENCE No. 353.No.5.

Dear Mr.Burgess:-

In reply to yours of the 30th ultimo enclosing communication from Mr.Frank Oliver M.P. with a letter from Mr.Carl D. Lee of Cardstone in which the latter alleges that the reservation of two sections for stock-watering purposes in Townships 3 and 4 is excessive and in Mr.Oliver's communication of the 29th ultimo to the Hon.D.W.Scott,Acting Minister of the Interior,he states: "This is a matter that I most respectfully ask you to instruct the Homestead Inspector to inspect and report on in full,as I have reason to believe that in some cases stock-watering places have been reserved where they were not necessary and in other cases an area largely in excess of the requirements has been reserved. I would like to see the Inspectors report on the subject when it is made".

This brings up the whole subject of Stock-watering and Shelter Reservations. These reservations are not intended wholly for watering purposes; but also for shelter for stock during the severe weather of autumn,winter and spring and for the latter,very considerable areas are required. In this particular instance,two sections have not been reserved; but only a portion of two fractional ones,containing in all about 380 acres,and when it is considered that at times there may be at least 3000 heads of cattle which will water and take shelter at this point,I do not think the area can be consider-

A. M. Burgess Esq..
Deputy Minister of the Interior,

considered excessive. I enclose a sketch showing the reserve spoken of.

In mine of the 16th November last 11.426 Ref.8311, I stated: "I would,however,desire to point out that the improvements are not on the N.W.¼of 36-3-25 west 4th M.but on the N.E.¼.35,same township and I would here say that neither Mr. Bigelow nor any other settler should be permitted to fence in this land as in connection with the fractional N.W.¼. and Frac.S.½.of Sec.2 adjacent lying East of the St.Mary's River ,it makes a valuable stock-watering and shelter location which should be reserved from entry or sale. It is during the winter the most suitable place on the river for miles. Mr.Brown assures me and from the congifuration of I am of opinion that he is correct,that the ice usually gorges in the river at this point,the result is that the surface is raised and the water percolates in to some old channels,usually dry,the result is open water all winter. This condition of affairs may be observed in many other places during the winter time"

Again,in mine of the same date 11.425 on 8311,reporting on the application of the Brown Ranche Company to purchase, I stated:

"The object of the company in extending so far up the river,was to control a valuable stock-watering place with fine shelter on the N.½.of 35-3-25 and partly on the S.½.of 2-4-25 w. 4th M.. I informed Mr.Brown,that I would recommend the said described portions be reserved for stock-watering purposes,which would meet the desires of the company just as well and at the same time not give a monopoly of it"

It may be well to direct attention to the fact,that in

leases, [illegible] cases be-
[illegible] portions, which
was refused, as it was considered that such could not be
controlled by any one; but be held for the general good.

Some points have been reserved which in themselves contained neither shelter nor water; but were the only route by which stock could reach shelter and water and large areas of grazing during a considerable portion of the year. In the foothills and particularly in the Porcupine Hills, there are many points where the erection of less than half a mile of fence will control from Two to Ten thousand acres of the best of pasturage; these points are the most sought after and of course, it can be truthfully alleged that they contain no water; the same may be said of several other localities to a less extent. In these places, particularly, the Porcupine Hills, it is no exaggeration to state, that in many winters, the lives of 20,000 head of cattle have been saved. Placing them at $25 per head, a low value, it will be found that half a million dollars have been saved to the country. Forty additional settlers allowed to select their locations and each put up a mile of fence, would ruin the district for winter grazing. I suppose the produce of the average settler does not amount to more than $500 per annum. Thus, in order to produce $20, you lose $500.

So long as the stock industry is conducted as it is at present, no one should be allowed to settle within half a mile of a watering place. All settlers keep logs and cattle wil-

will not come near, even though they were permitted, house or even enclosure If there was not a liberal reservation the country would soon be eaten out. Range cattle graze around in bands, frequently numbering up in the thousands, the fewer watering places, the larger will be the bands. In hot weather, cattle will not go any considerable distance from water, the result is, that cattle will eat out the grass in the vicinity of the watering places and in place of fattening will become poor.

A plentiful supply of water and grazing is just as necessary for the small as large stock holder as all let their stock run at large. In Southern Alberta and Western Assiniboia, the agriculturist for the present must make his livelihood largely if not wholly out of stock, therefore, it is the duty of the Government to do everything possible for the general welfare, not that of a few individuals. If these stock-watering places only, are fit for settlement, there is not enough of them to make a population of any account, therefore, it would not be well to ruin an industry which is doing well and capable of very considerable expansion for the sake of pleasing or permitting a few settlers to settle on these reservations. To show what want of regulations in a stock country will do, Wyoming may be cited. When, as per United States Census in 1880, the neat cattle represented less than 30 per cent of their value in 1880, though the prices were higher in 1890 than in 1880 and though the stock industry was so severely injured, the increase of settlement in the stock raising portion of the State was not noticeable.

As you are aware, I have always contended that many of the-

of these water reservations could be done away with when irrigation is considerably extended and when the stock interest assumes a different form,as no doubt it will in time; and while that development is going on,it would be good policy to withdraw the whole of the area requiring irrigation from ordinary homesteading or purchase entry. Outside the Mormon settlement, during the past Ten years,the agricultural settlement of Alberta,south of the Bow River and Sheep Creek and Western Assiniboia,has not materially increased. The Mormons admit that their settlement cannot be increased without irrigation on a scale beyond the efforts of individuals,so that it is evident,if settlement is to be increased,a change in system is necessary and until that system is decided upon it is submitted,it might prove good policy on the part of the Crown,not to divest itself of any more of the Public Domain. What settlers there now are,have obtained all the lands they require or it is desirable they should have and any new comers could be accommodated or amply protected in the interval with leases.

OFFICE OF THE

Superintendent of Mines,

Calgary, Alberta, 8th October 1896

LETTER NO. 12,634
REFERENCE NO. 353.No.5.

Dear Mr.Burgess:-

I enclose herewith the sketch which is to accompany my letter to you of yesterday re certain stock - watering reservations which were taken exception to by Mr. Oliver M.P. . Since yesterday,I have had occasion to look into some matters in Township 5 Range 27 west 4th Meridian and find a state of affairs which,I think,greatly emphasises the necessity of these stock-watering reserves. By referring to the township map mentioned you will observe a fence running from the S.W.corner of 35 to the center of Sec 29. Since that survey was made,the fence on 29 has been extended over towards the river in a Southwesterly direction until it meets the high precipitous bank of the river on this section and by the erection of about half a mile of fence from the northerly limit of the N.W.¼.19,northwesterly along the brow of the hill,access to water in the Kootenay River, the only water available at most seasons of the year,is cut off for about 6 continuous miles. The area of pasture so naturally tributary to this stretch,which at most seasons of the year has no water except from the said river,comprises in all some 25.000 acres,enough by our calculation to graze 1200 head of cattle. This is monopolised by men who not only

only have no claim to this land and are running considerable stock on the Public Domain,which,however,I do not object to but what I do object to is,that they act in such a manner that no one else can run stock in the vicinity. Not only is is the cattle cut off from water; but that is just as vital they are cut off from shelter in storms. Assuming a band of cattle is drifting before a North-westerly storm and strike the fence on the line between 27 and 28,they will never work around either end. To get around the east end is more fatal as they would fall over the cut bank and be destroyed. The state of affairs all along the river on the north side,is very similar to this, ~~except~~ down across the next range in Tps.5 and 6 Range 26 west 4th M.. These townships are, I understand being subdivided by Mr. Wilkins and as soon as the survey is completed,I purpose making another inspection and going fully into this case. Already complaints have been made by the stockmen of the injury being done by the fencing alluded to. No reservations have been made along that river in the vicinity mentioned,as until now,we have had no plans by which they could be located.

I am,Sir,

Your obedient servant?

Dear Sir,

Referring to the complaint made by Mr. Carl D. Lee, of Cardstone, that the reservation of lands in Townships 3 and 4, Range [illegible], West of the 4th Meridian, for stock watering purposes, was excessive, I beg to enclose a sketch showing the reservation referred to, from which you will notice that the tract does not comprise two sections of land as stated by Mr. Lee but only portions of the half sections, containing approximately an area of 320 acres.

Mr. Pearce, from whom a report has been received, stated that the reservation was not intended for a watering place only, but for a shelter for stock during the severe weather of autumn, winter and spring; and that when it was considered that there may be at times at least 3,000 head of cattle to be watered and sheltered at this point, he did not think the area was excessive.

In view of this report I do not consider that it would be detrimental to the public interest to maintain the reservation.

Yours truly,

Sir,

In September last the Rev. F.A. Mueller, of Leduc, Alberta, applied for a free grant of Legal Subdivision 5 of Section 23, Township 46, Range 25, West of the 4th Meridian, for a Church site. As this land formed part of a section set apart for the Canadian Pacific Railway Company, the Companymwas asked to relinquish the land applied for and to accept other land in lieu thereof. The Company having agreed to this, and other land having been selected to re-place the said legal subdivision, Mr. Mueller was advised that upon remitting a patent fee of $10 and fyling the usual statutory declaration that the land would be used for purposes solely and properly connected with his Church, a patent therefor would be issued. Mr. J. Hamilton McDonald, of South Edmonton, now writes under date the 2nd ultimo, at the request of Mr. Mueller, asking that the landin question be sold to the trustees of the Church, instead of being granted to them, and that he be informed at what rate per acre it can be acquired. Under the circumstances, might not the land be offerred to them at the minimum rate of $1 per acre?

My dear Smith.

I telegraphed you the other day in reference to a Cancellation case in the Calgary District & received yours telegram in reply informing me that the Board had ordered Cancellation. The man who held the entry—I think his name is Hillman—had an application to purchase—is a very decent fellow and promised him that I would write to you and recommend him for the privilege of a second entry.

Your telegram to me mentions the name and came to me last week so that if I had not given it carefully a reference to the copy of your despatch will show what it is.

Will you please have authority to late up other land sent to him in Calgary P.O. at once. He has a homestead in view and is anxious to secure it.

Yours very truly

No reply was received to this notification, nor was any further payment made on the land. In [illegible] Agent of Dominion Lands at Calgary was instructed to endeavour to ascertain Mr. Bryce's whereabouts, and to find out from him whether or not he was prepared to complete his purchase. Nothing, however, was heard in the matter until the receipt of a letter from the said agent, stating that Mr. Bryce had been written to on the subject on the 17th April, 1888, and that no reply had been received from him, and asking for instructions as to what disposition should be made of the land, as an application to homestead it had been received. The Agent was thereupon informed that, as Mr. Bryce had failed to pay anything on account of principal or interest since 1888, the sale was cancelled

Sir:-

Replying to your communication of the 18th ultimo, File 412780, I have the honour to inform you that Mr. C. P. Smith furnished a statement corroborated by two witnesses that the value of the improvements on the W. F. 1/4 of 6 - 21 - 28, West of the 4th, did not exceed $18.30, which amount was paid in on the 7th ultimo. Mr. Bryce called to see me in regard to this matter, and I told him there was no alternative but to grant the entry, as he had paid no attention to any notices that had been sent him. He endeavoured to make out that there were more improvements than I think were really there, but, of course, this question will be determined when the Homestead Inspector's report is received.

Mr. Smith is being notified that his entry has not yet been confirmed by the Department; and that he is not to go into occupation of the land or make any improvements thereon until further communicated with. As it is stated he resides on other land owned by him in the vicinity, he probably has not yet placed any other improvements on the W. F. 1/4 of 6 referred to.

That interest, according to the following statement, would appear to be $163.80. The omission in the return of the 15th June last to give dates as to interest was purely an oversight.

My Dear Sheols:-

I have yours of the 27th ultimo Reference No.1446. I did not understand that it is necessary for the Crown to invoke the aid of any Court Officials, such as the Sheriff of the County, to eject trespassers from land owned by the Crown. Anyone wrongly cut and squatted on a Police Reserve. Could we apply to the Courts to eject him? or could you advise your men to eject him summarily? I think, that the cases of stock-straying reserves are exactly similar. It is this course, is well before you take such action to apply to the Courts of common law's for the direction which the land lies, and ask him whether or not the Crown is the sole owner of such land. I should like to have your views on this point at an early a date as convenient.

My dear Mr.Burgess:-

I enclose herewith copy of a letter I have received from Colonel Steele, and a copy of my reply. The same has particular reference to one Benedick a squatter on the N.E.¼ of 2 - 5 - 30 west 4th Meridian.

This man obtained homestead entry for other lands; but has persisted in residing upon the above named quarter section. His buillings are of no value: but if left there, as soon as Bendick leaves, some one else will take possession of them; it was, therefore, thought advisable that the Police should notify him to vacate the premises, and if, upon doing so, he did not remove the house, the Police should destroy it.

If any person can be fined for the action of the Police in this matter I am willing to be formally informed and to take the needful proceedings.

Ottawa, 22nd October, 1876

My dear Burgess,

I return your file re 41883. It has not been customary for the Police to tear down buildings, but simply to be in attendance to prevent a breach of the peace. You will notice in this particular case that Pearce applied to Steele to be present [illegible] the Agent of Dominion Lands for the District within which the land lies and ask him whether or not he [illegible] to the owner of such land. I think the safer course would be for the Agent of Dominion Lands, [illegible] local authority, to apply to the Police for sufficient force to keep the peace while he removes or destroys the buildings.

Would it not be well to have the Department define the process [illegible] of squatters, or squatters' buildings, upon Dominion Lands, as distinguished from the ordinary process of ejection through the Courts and the Sheriff?

I am in receipt of the attached correspondence, which is herewith returned. Venelick has squatted on the N.½.of 2-5-30 west 4th Meridian: a short [illegible] It was first squatted on some three years ago by one Hubert. The cause on protest of against squatting on this on account of it being a spring invaluable for stock watering purposes, the number time and [illegible] a squatter thereon mean the loss of a very large number of people to the district as you are aware the water supply is very extensive here. Hubert at last got rid of and this man Venelick (or Ventick) took possession and as long as the building in question is allowed to remain, the most objectionable class of squatters will be in possession.

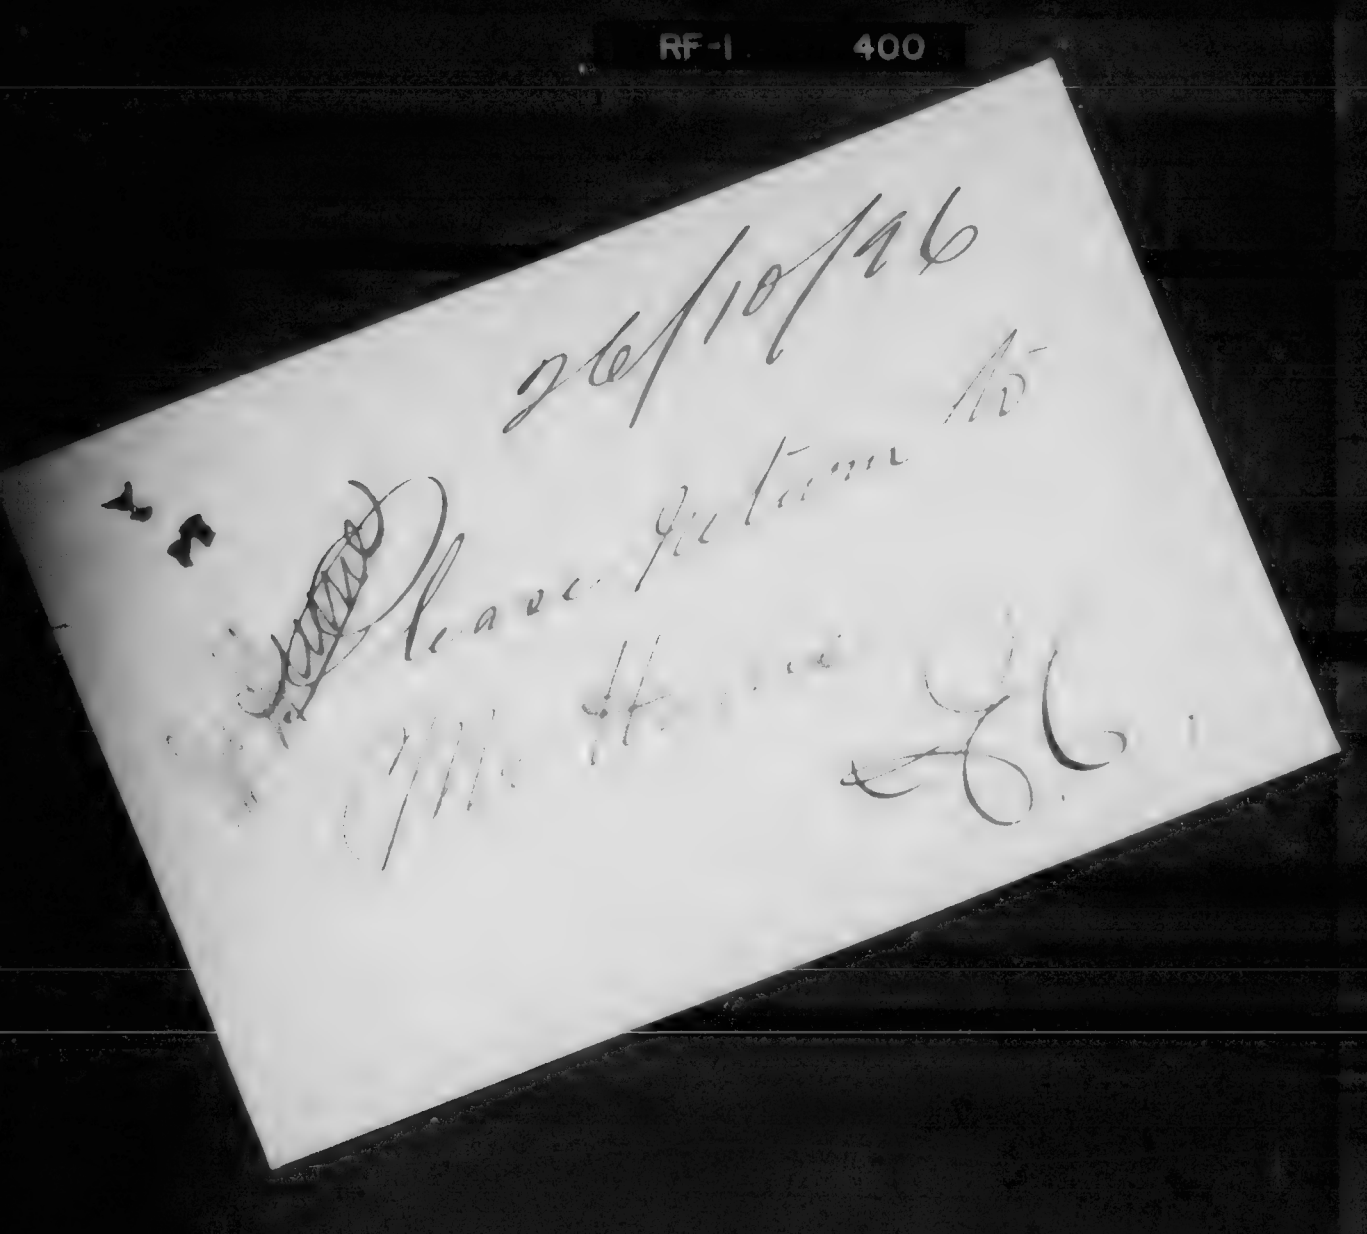

Venelick has been advised that he can obtain entry for the N.½.of 12-5-30 west 4th Meridian, for which he made application, as long ago as the 1st July last, and if he make entry then as he should have done, he will have to go into possession before next spring, otherwise, his claim will be liable to cancellation. Major Steele forwarded me a copy of a communication from Seymour Wilde dated the 31st August last in which he stated that Venelick informed him that he intended putting this house down shortly and burning it. In the communication dated the 12th October, he stated of not being able to carry out his original intention owing to very bad weather, and asks to be allowed to remain in possession

The copy of the opinion of the Department of Justice transmitted by you is that under which the Police have hitherto acted, but the point raised by Mr. Pearce in the correspondence which the Deputy Minister of the Interior referred to me was whether the Police would be justified, on a request from an official of your Department, in taking possession of and destroying buildings, or whether the act of destruction should be performed by an official of your own Department, the Police being present to prevent a breach of the peace. I think the latter would be the safer course.

Enclosure.

21st November 1896

S i r:-

I have the honour to acknowledge the receipt of your letter of the 10th instant, enclosing file-No.413813- containing papers with respect to the proposed ejectment of one Benedict, a squatter on the N.E.1/4 of Sec.2, Township 5, Range 30, W. of the 4th Meridian, and in reply, I beg to state as to the procedure to be followed in the removal of squatters or squatters' buildings from Dominion lands where proceedings in the Courts are not taken, that it is not necessary that any particular procedure should be taken. Probably the course indicated by the Comptroller of the N.W.M.Police in his letters referred to by you had better be adopted, the premises being taken possession of and the building removed by an officer of your Department acting under your instructions, the police merely attending to prevent a breach of the peace on the part of the squatter.

The thing to be avoided is any conduct which would lay the officer charged with this duty open to a prosecution for forcible entry, or to an action or prosecution for assault. As defined in the Criminal Code, 1892, section 89, forcible entry is where a person, whether entitled or not, enters in a manner

The Deputy Minister

Department of the Interior,

O T T A W A. 01

manner likely to cause a breach of the peace,or reasonable apprehension thereof,on land then in actual and peaceable possession of another,and the offence is punishable,on indictment,with not more than one year's imprisonment. Care should be taken not only that no actual assault or breach of the peace is committed by the officer ,but that nothing is done to cause reasonable apprehension of a breach of the peace. There should not be such a show of force as to overawe the person in possession,and only so many policemen should accompany your officer as may be necessary to protect him from attack or violence on the part of the squatter. One or two constables,I should think,would be sufficient in ordinary cases.

If the squatter does not peaceably give up possession of the premises upon being required to do so it would not be proper to use force to remove him,but recourse should be had to legal proceedings for his ejectment.

Papers returned herewith.

I am,

Your obedient servant,

Acting Deputy Minister of Justice.

I am advised by Mr. Dutnie from Innisfail that this man is still in possession. Mr. Dibley visited this land on the 29th May, 1901, & found a Squatter named Maglaire Hebert on the N.E. ¼ when declaration he enclosed. (Report no. 425.)

Hebert's declaration shows that he went into residence on this land on the 8th April, 1894; that he has no buildings; that he has a house 16 x 18 valued at $75, & otter buildings valued at $300 & fencing valued at $50; that he has 20 horses and 14 cattle. He states that he did not know the land was reserved when he went into occupation & only for homestead entry.

Although this land was not formally set apart as a Stock watering reserve when that was done he was put off in possession of it, and was made fully aware of the fact by the Agent to remove him from the land but without success, during the year

MEMO. 1896 one Benedict was in possession

The land was thrown open by O. in Cy the 21st May, 1896, and according to Hebert's statement he was in occupation before that date but apparently he abandoned the land in 1896 and was away for at least a year. I think therefore that his claim would come under sub-clause "c" that is that the land should be sold by public competition at an upset price of $2.00 with homestead conditions at $3.00 without conditions.

F.S.

The North East quarter of Section 2, Township 5, Range 30, West of the 4th Meridian.

****

Mr. Burley visited this land on the 29th May. 1901, and found a squatter named Magloire Hebert on the North East quarter whose declaration he enclosed (Report No. 425)

Hebert's declaration shows that he went into residence on this land on the 5th April, 1894: that he has no breaking: that he has a house 16 X 18 valued at $75.00, other buildings valued at $300, and fencing valued at $250.: that he has 20 horses and 14 cattle. He states that he did not know the land was reserved when he went into occupation and asks for homestead entry. He was about 2½ years away during that time, being one year 1896-7 prospecting and trapping in the Peace River District, and the remainder of his absences were working in the vicinity for periods not longer than three months in each year.

Although this land was not formally set apart as a stock watering reserve when Hebert went into occupation still he was not left in peaceable possession and efforts were made from time to time by the Department to remove him from the land without success. During the year 1896 one Benedict was in possession.

The land was reserved by Order in Council of the 31st May, 1895, and according to Hebert's statement he was in occupation before that date but apparently he abandoned the land in 1896 and was away for at least a full year. I think therefore that his claim would come under

Recommended

Sub-clause "C" that is that the land should be sold by public competition at an upset price of $2.00 with homestead conditions or at $3.00 without conditions. If the year's absence is overlooked he would be entitled to homestead entry

Ottawa 22nd July, 1903

Sir,

With reference to your application for homestead entry for the North East quarter of Section , Township , Range 30, West of the 4th Meridian, I beg to say that it has been decided that the evidence submitted by you as to residence and improvements on this land is not sufficient to establish a prior right to the land, and this quarter-section will therefore be offered for sale by public competition at an upset price of $3.00 per acre with homestead conditions, or of $4.00 per acre without conditions, the value of improvements to be collected for your benefit if the land is sold to any other person than yourself.

A notice of the lands withdrawn from the stock-raising reserves which will be offered for sale will be posted in the office of the Agent of Dominion Lands for the district some time during the month of September.

MEMORANDUM - Mr. Turriff,

with reference to Mr. Oliver's letter hereunder I beg to say that if you will refer to my memorandum of the 27th June last, on this file, you will see that according to Mr. Marloire Hebert's statutory declaration he went into residence on the North East ¼ of Section 2-5-30, West of the 4th Meridian, on the 5th April, 1894, that he had no breaking but had a house 16 X 18 valued at $75, other buildings valued at $300 and fencing valued at $250, and that his stock consisted of 20 horses and 14 cattle.

During the year 1896 Mr. Hebert apparently abandoned the land as he was away for at least a full year prospecting and trapping in the Peace River district and the land was taken possession of by one Benedict and steps were taken during that year to have Mr. Benedict removed from the land. Mr. Hebert afterwards returned and took possession again and has been residing on the land since that time. As I have pointed out in my memorandum submitting the case Mr. Hebert would be entitled to homestead entry if the year's absence is overlooked. As, however, he appeared to have abandoned the land entirely in 1896 when he left it, if the regulations are strictly interpreted his case would come under the clause ~~in~~ which it was decided to deal with it, namely, that the land should be sold at $2 per acre with homestead conditions or at $3 per acre without conditions, the value of the improvements to be collected ~~from~~ the ~~homesteader~~.

Letter No. 5362
Reference No. 3579

Sir,

See file of your office 30359. In further reference to Mr. McKenzie's case, I would state that he called on me on the 17th instant, and informed me that he made entry for the E. I/2 18-39-26 in the spring of 1885, and commenced to reside on it in March. He had, however, done some building, and deposited some building material there the autumn previously, and stated that owing to a mistake in the position of a survey post, he began to reside on his pre-emption instead of homestead, and he has only managed to get this matter rectified this winter. Under all the circumstance I presume his time would count, and he is now entitled to patent.

The mistake occurred in the following way, and by referring to the township map you will understand it. McKenzie found a post marked similar to a quarter sec. post on the east side of 18. just north of the river bank, and supposed it was really the quarter section post. He entered for the N.E. I/4 as a homestead and the S.E. as a pre-emption, and owing to this post supposed he settled on what he had entered for. Owing to the mistake mentioned, he subsequently ascertained that he has begun to reside on the S.E. I/4, and he now states that the N.E. I/4 is so hilly and cut up by ravine that

Commissioner of Dominion Lands,

Winnipeg. Man.

that it is practically worthless, and if he had not been misled by said post w uld not have entered for it.

He has been very unfortunate in his land transactions, and as much of his misfortune is not his fault, that is the mistake of post alluded to, Mr. Homestead Inspector Thompson states the said post is still there, he would like permission to make another homestead entry. If it is possible to grant such, I would recommend that it be done in this case; under all the circumstances if not a quarter section might be sold him at $1.00 per acre.

Please advise Mr. McKenzie at Red Deer whether his request can or can not be complied with.

Sir,

In reply to your letter of the 28th ultimo, No. 165418, Ref. 135511, I would state that at least Mr. McKenzie's misfortunes were not wholly his fault; the Department is to some extent responsible, possibly, and while not admitting such liability, I thought under the circumstances, and possibly without militating against the public interests, a quarter section might be sold him at $1.00 per acre.

1st. The post which misled him was ~~possibly~~ probably so placed by the surveyor; Mr. Homestead inspector Thompson states it is still here, and likely to mislead the average settler.

2nd. The letter from your office, of the 3rd January, 1885, in reply to McKenzie's of the 15th Dec. previous is couched within the law, and possibly in conformity with the practice at that date, but it is not the practice meted out to others, and if that had been received six months later he would no doubt have been told he could homestead or purchase it.

It was with this in view I recommended as stated.

My dear Smith,

In reply to yours of the 9th ultimo, No. 166-269, Ref. I355II and 30359, I would state that my reasons for thinking that McKenzie was entitled to this treatment were as explained in my letter to you of the 2nd. It is no doubt true that the Minister decided after having heard all the evidence that the colonization Company should have the land, but at the same time that decision was based on the acts of McKenzie, which acts were no doubt largely influenced by a letter which he received from your office, and as pointed out, had that reply been sent him six months later it would have been couched in very different language, and in deciding between the colonization company and McKenzie, the Minister was required to be guided by the legal evidence, for as far I understand it, the patent to the land had passed to said company, and I take it that if said patent had not passed, the Minister could then have been guided by the equities, and probably the position of the whole matter would have been different. Can McKenzie be indemnified for his loss ? It occurs to me that there have been several cases similar to McKenzie's where concessions similar to this had been granted, that is, selling a person a quarter section of land at $1.00 per acre.

However, I do not wish to press the case any more

H.H. Smith, Esq.,
Commissioner of Dom. Lands,,

more strongly than I have in this, and have only to add that Mr. McKenzie is a superior class of half-breed, and has always proved a loyal and enterprising citizen; he was loyal both in the half-breed rebellion of 1869 and that of 1885. I have known him since 1874.

Yours truly,

Memorandum.

Mr. J. L. Tipping, who holds under homestead entry the N. E. ¼ 10--30--, W. 4th, applies for permission to extend his fencing so as to cover part of the S. W. ¼ of the same section, containing fourteen acres, which he desires to purchase upon receiving his homestead patent.

The said fourteen acres are vacant in the records of the Department; and Mr. Pearce, to whom the application was submitted, reports:-

"Though I cannot very well see how Mr. Tipping can utilize the portion of the S. W. ¼ in conjunction with the N. E. ¼, unless he acquire a portion from off the S. W. ¼, which I do not think advisable for the stock which he has, yet I see no objection to selling the fourteen acres to him. I would not recommend the sale at less than $3 per acre which would amount to $42. If sold for cash, entitling payment of $10.00, not more than an ordinary homestead entry."

I beg to recommend that Mr. Tipping's application to purchase the fourteen acres be approved, and that the land be sold to him at the current rate and on the usual terms.

Jas. A. Smart, Esq.,
Deputy Minister of the Interior.

terms. The plan of this township is attached to fyle [illegible], herewith, which fyle relates to Mr. J. L. Barnes' application for homestead entry for the S. ½ of 10--3--30, W. 4th, which involves the question of granting land on both sides of a river. Mr. Barnes was told in February last that he would be granted entry for land on one side of the river only, but that his application would be held for the remainder of the quarter-section pending the settlement of the question, which you desired to further consider.

The whole of the quarter-section is vacant up to the 6th June last; and I do not think that Mr. Barnes' application need interfere with the application now under consideration.

DOMINION LANDS ADMINISTRATION

OTTAWA, 4th of December, 1928.

Copy to: A.D.L. Calgary, Ref. #54 R.D.

Sir,-

N.E. ¼ Sec. 18 Tp. 39 Rge. 26 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

John Laughton Tipping, Esq.,
MINNEHIK,
Alberta.

Acting Commissioner
of Dominion Lands.

Dear Sir

I have been a homesteader for nine years on the N.E. quarter section 10 Twp 24. Rge 2. West of the 5th principal meridian, through which flows the Elbow River, and last year the ravages committed by the floods there were so serious as to make it a debatable point as to whether I could stay on the quarter section. The N. W. quarter of the same section has just been vacated by Jim Gray Fraser who is leaving for the Klondyke, and it has occurred to me that the Government would be pleased to give me the vacant quarter in exchange

What remains of my own, out of consideration for the loss I have sustained (as a loyal subject of the Queen who placed me there and supported me at Her Majesty's request during the rebellion of 1885) I think is small favour might be shown. I am sure that if the quantity of land is not by any means a good one, the two lots I ask would not be more than 160 acres of grazing land.

I am Dear Sir

Yours very obediently

J R Dyer.

Department of the Interior,

Ottawa. [illegible], 1889.

Sir,

Referring to your recent correspondence with regard to the N.W. ¼ of 10, Tp. 3, W. 4th M., and to the application of Mr. J.R.Iyer, of Pyriphark, to have this quarter-section added to his homestead, the N.E. ¼ of the section, as compensation for loss sustained by him during the flooding of the Bow River last year, I am directed to say that the matter has been carefully considered, and it has been decided, in view of the Inspector's report, that the quarter-section first mentioned may be offered for sale to Mr. Iyer at the minimum price of $1 per acre. It is impossible for the Department to entertain Mr. Iyer's application for compensation, and the offer above made is based entirely on the inferior quality of the land as reported by the Inspector. If Mr. Iyer intends to take advantage of the privilege given him it will be necessary for him to pay the first instalment of the purchase money into your hands on or before the 1st November next, and if he fails to do so the land will be otherwise disposed of. Please report immediately after the date mentioned how the matter stands.

Your obedient servant,

Sir,

Replying to your letter of the 7th ultimo, of A.C., I am directed to say that Mr. A. J. X.XX. Willson has withdrawn his application for S. W. ¼ of 10. 4. 5, W. 4th ..., it is understood that Mr. Wilson is now dealing in the way of dealing with W. J. D. The Agent of Dominion Lands,

Calgary, Oct 2nd, 1898.

Dear Sir;

Referring to your letter to me of the 5th ult., (Lr. No. 30446 and File 4557), wherein I am offered the N.W.1/4 of 10 - 24 - 3, west of the5th at the price of $ 1.00 per acre, I beg most respectfully to decline it as I consider it by no means to be worth that price. There are only about 80 acres worth anything at all on the 1/4 sec and those acres are nearly all inferior bottom lands. The only reason why I applied for them as a gift was that they were adjoining to my own and I thought under the circumstances that the request could not be considered unreasonable. I now beg to be allowed to enter for it as a second homestead which I believe I am entitled to on a recent circular issued by the Government, I having been on occupation of Govt land previous to Sept 1st, 1884 and from that time continuously to the present time. It is true that I did not enter for land until May 9th, 1887, but that was owing to circumstances which I submit entitle me to the most benevolent consideration. When I first landed in this country I was totally ignorant of every thing concerning it and when I bought the improvements of the French half bred " Sam Batiste ", I did not know that I was throwing away my money. The improvements, and 1/4 sec were, S.E.1/4 sec 12 - 24 - 3, 5th and I understood that the land was not then open for settlement. I soon found out that the land south of the Elbow River was open for settlement, but that the part and the larger part of the 1/4 sec north of the Elbow was on the so called Cochrane Lease. I decided not to enter for the small part open to me but lived there as a squatter until 1887 when the Cochrane Lease having been thrown open for settlement and the 1/4 sec where on I was living having proved practically worthless, I entered for

the land where I am now living. It seems to me that considering the mistakes and misunderstandings which have been so injurious to me and for which I was not wholly responsible, considering, I say, the extra hardships I have been obliged to suffer in order to maintain an existence here, that I am not making an outrageous request in asking for a second homestead even if it is a little outside of the ordinary run of things.

I am, Dear Sir,

yours very Obediently,

Sir;

See your file 467949. Homestead entry has been granted this day to Mr. A. J. Lindsay of Spring bank for the N.W.1/4 of 10 - 24 - 3, west of the 5th, and an inspection fee of $ 10.00 has been charged in connection with it. In view of the cause which brought about a report from Mr. Homestead Inspector Thompson dated the 11th August last, and which was forwarded to Head Office, I am doubtful as to whether the charge should have been made. I am inclined to think that $ 5.00 should be refunded to Mr. Lindsay as inspections made under such circumstances should not be charged to the party making entry. In this case of course a cancellation fee is chargeable, making the total fees $ 15.00 instead of $ 20.00 which Mr. Lindsay had paid into this office.

For what you have done I thank you very much, and very sorry to trouble you so much, but I do not think I am asking for any more than I am entitled to from the Government. that either he or his brother would go into residence if given an opportunity of doing so. Accordingly in August, 1[illegible], the Land Board required the administrator to go into residence. The time for doing so was afterwards extended until November of that year, and subsequently a further extension was granted until the 15th April, 1916. Neither of these extensions of time was taken advantage of, and in view of the fact that there was another applicant for the land it would clearly have been improper to protect the entry any longer. The quarter-section has now passed into the hands of another party, so that it is impossible to consider the latter's present request that he should be granted a patent on completing the required 40 acres cultivation. Where a homesteader who is actually residing on his land happens to be at fault in the performance of his duties, [illegible] part of the Government to embrass him by holding him to the strict letter of the law; but where, as in the present instance, repeated extensions of time are granted for the purpose of permitting the homesteader to go on the land [illegible] by going into residence and performance is taker of the opportunities so offered it would be manifestly improper that the rights of the entryman who is complying with the law, and who is presumably ready to comply with the conditions of entry, should be prejudiced by latter cancellation.

Madam,

I beg to acknowledge the receipt of your letter of the 10th inst., and to express my regret that you should find yourself in ill health at the present time.

With reference to your son's homestead, the N.W¼ 10-5-[illegible] W 4th M. I fear that it is impossible to hold out any hope that the Land Board can refuse the application that has been made to cancel this entry. The mere fact that your son has held the place for such a long period without fulfilling the requirements of the law is a strong reason why the entry should not be allowed to stand. I am not however competent to express an opinion as to the view of the case which may be taken by the Land Board, and, in the above suggestion, merely desire to warn you against placing too much reliance on the merits of your son's case.

Your letter is being transmitted to the Commissioner, whose decision will be communicated to you in due course.

Sir,

Referring to your letter of the 24th. ultimo, File No. 12962 I am directed to inform you that Mr. Jos Coleman, the Homestead Inspector for the Edmonton District, has been instructed to inspect the N.W¼ 19-48-22 W 4th M. the homestead of Mr. Charles F.Stewart, in connection with Mr. Alexander Lewis' application to cancel his entry - and when his report is received a full statement of the facts will be submitted.

I may add that from a letter written by the Agent to Mrs Stewart dated the 13th ultimo copy attached it would appear probable that her son's entry is liable to cancellation, the land having been homesteaded since May 1894- this however will be determined as soon as Mr. Coleman's report is received.

Mrs Stewrat was advised on the 24th ultimo, how the case stands at present.

Hon. Minister of the Interior.

Ottawa.

Dear Sir,-

I beg to enclose letter from C. F. Stewart, of Fort Saskatchewan, stating his case in regard to his homestead entry which it is proposed to cancel. While I quite understand that Mr. Stewart has not finally complied with the terms of his entry it is open for cancellation. I cannot understand why he should not be allowed the privilege of completing the terms of his entry as it would seem from the tenor of the letters received from the Department that it is not intended that he shall. I must respectfully ask that Mr. Stewart be allowed reasonable opportunity to complete the terms of his entry ~~during~~ the action of the Department in the large number of cases.

Yours respectfully,

Referring to your letter of the 11th instant addressed to the Minister of Justice, with regard to the homestead of [illegible], the [illegible] section 12, Township [illegible], Range [illegible], [illegible], I am directed by the Commissioner to say that this matter is at present held in abeyance awaiting the report of the homestead inspector who has been instructed to visit and inspect the land. As you are no doubt aware, Mr. [illegible] has sold the quarter-section for some [illegible] years or more, and while it is not [illegible] of the Department to interfere with a settler in the exercise of his rights, where there is no evidence at all of his performing the required duties, in case where an application to cancel is filed it is necessary to institute an enquiry, as, of course, the intending settler has certain rights which must be considered as well as the present holder of the entry. [illegible] section furnishes the necessary information, the most favourable consideration possible will be given to Mr. [illegible] claim, and if you are acquainted with the facts will you kindly inform the Commissioner whether in the event of cancellation being refused Mr. [illegible] is in a position to go into occupation of his homestead and fulfil the required duties.

I might add, for your information, that about three years ago cancellation proceedings were taken against Mr.

Frank Oliver, M.P.,
Edmonton, Alta.

Mr.Stewart in view of the default by him in the compliance with the requirements of the law, but owing to his statements, and there being at that time no application for cancellation, the proceedings against him were abandoned so that he might have an opportunity of doing what was necessary. I think you will agree that he has had every consideration given him in connection with the land for which he holds a title.

Hon. Frank Oliver,

Dear Sir,

[illegible] Section 16, Township 15, Range 16, W. 3 M., I took up this homestead in the spring of 1898 and did not obtain an entry for it then. For the two years I cultivated it for a crop up to the present year. I erected a house for it but not complete it as if you have not, will cost more than I can afford to, as far as it goes it is good. I am single and I contend I am entitled to it as I was prevented from [illegible] the Yukon Act as explained. I will be willing to purchase it unless anyone in the place would be entitled. Should there however I will not have to purchase only rent and homesteaders to [illegible] the purchase for, more than four years cultivated for the last three years. I have [illegible] from 1898 to 1899 within a quarter mile of this [illegible] adjoining portion Section 16, 15, 16 I [illegible] have worked and cropped it every year since cultivation. I consider that entitled to [illegible] Government and only on [illegible] extreme [illegible] conditions that it is any one else's more than, I consider no [illegible] from them. Hon. Minister of the Interior,
Ottawa.

Dear Sir,

I have a petition from C. F. Stuart, of Fort Saskatchewan, stating his case in regard to his claim entry which it is proposed to cancel. While I quite understand that if Mr. Stuart has not fully complied with his entry it is open for cancellation, I cannot recommend that he should be allowed the privilege of completing the terms of his entry, as it would seem from the tone of the letters received from that department, that it is not intended that he should. I would respectfully ask that Mr. Stuart be allowed reasonable opportunity to complete the terms of his entry as is the custom of the Department in the case of other entries.

Your obedient servant,

General remarks			

Mr Stuart resides on the SE¼ of same section for about 12 years and in 1892 moved to Fort Saskatchewan where he owns a house and carries the mail from Edmonton to Fort Saskatchewan. He built a log house on his homestead in 91 and a hut did not finish it the house was sold by Stuart and moved away in July last there is about 4-5 acres fenced. I was unable to measure the breaking account of the depth of snow, but was informed by Mr Potter who has the land rented for the last 3 years and he says there is only 35 acres of breaking I did not see Mr Stuart as he was not at his shanty as

In Land reply refer to No. 5200

DOMINION LANDS OFFICE,

6th April 1903

Sir,

I beg to enclose herewith for your approval the application for patent, duly recommended, of Harry C. Phillips who holds entry for the North W. Section 112 Township 38 Range 27 - 4 M.

35840

I have the honour to be,

Sir,

Your obedient Servant,

The Commissioner of Dominion Lands, Ottawa, Ont.

Agent of Dominion Lands.

Form No. 180.

L. P. 412915.

May 18th, 1903.

Copy to Agent at Red Deer, Alta.

Sir,

Referring to your application for patent for the N. W. ¼ 12--38--27 W. 4th M. it is observed that you have made affidavit to the following residence duties in a house which was completed on the homestead in June, 1898:-

"From June 6th to December 1st, 1898.

"From May 1st, 1899, to October 31st, 1899.

"From May 1st, 1900, to November 1st, 1900.

"From June 16th, 1902, to December 29th, 1902."

In this connection, I am to make the following quotation from your letter to the Commissioner, dated 22nd March, 1901, in regard to this homestead:-

"I have never lived on the place." x x x x x x x x x

"I have lived on my brother's place which corners

"on the quarter I have homesteaded."

In view of the discrepancy between the foregoing statements, the case would seem to be one for submission to the Courts, but, of course, nothing further will be done until you have an opportunity of communicating with the Department.

Your obedient servant,

Secretary.

To the Secretary
Dept of the Interior.
Ottawa.

Dear Sir

Referring to your favor 6.0.412 915 I beg to say that I am greatly surprised at the tone of your letter.

Until I received your letter in answer to mine of March 1901, I did not think the matter of residence of supreme importance, and to save confusion I wrote as I did without stating that I lived partly at my brothers and partly on my homestead.

On account of my temporary residence on this district I knew that all Land Office knew that I was a bona fide Settler, and one that had faithfully fulfilled my contract with the Government and one that Dept Land Agent and Inspector was doing all in their power to help build up the Country.

You will note on my application prior the Inspector that I stated I had lived partly on my brothers and partly on my homestead

and I trust when you compare my statement with application for patent you will find all in order

Trusting that you will see this matter in its right light and hoping that you will be able to issue my patent without delay

Yours respectfully

H. Lange

Sir,-

In reply to your letter of the 30th. ult. I am to remind you of the following information which was given in a letter addressed to you from the Commissioner, dated the 16th. of April, 1901, [illegible] your homestead, the N. W. ¼ 12, 38, 27, W. 4.

"There is no provision whatever in the Act by which a "Patent can issue for your homestead until the requirements "of the Act have been complied with. Residence on your "brother's homestead, even if you are working in part- "nership with him, cannot be accepted."

In view of what you now say, to the effect that you have resided on your homestead, the local Agent is being instructed to obtain a report from the Inspector setting forth clearly where you have resided since you made entry for your homestead. Meantime, the application for patent will be held in the Department. The Agent is being asked to obtain the report as soon as possible.

Sir,

Replying to your letter of the 27th ultimo, I am directed to say that the notice of the 5th ultimo is intended for the homesteader of the S.W.1/4 Sec. 27 Tp. 4th R., evidently your father's homestead. The first patent which was issued for this land on the 16th February last was cancelled owing to wrong description of the land thereby intended to be granted, and a new patent was issued on the 17th September last to replace it. The notice of which you refer relates to this latter or new patent. The patent for your own homestead, the S.E.1/4 of the same section, has not been issued; in fact, you do not appear to have made application for it.

Mr. Perrin,

Application for patent
of Samuel H. Earl.
S.E. ¼ 36-1-W. of 4th M.

Mr. Earl claims residence on his purchased land the S.W.¼ of 36 in Township 1 West on his homestead as shown in pencil on form 38 hereunder.

He is however, short in his cultivation having only 19 acres of breaking and 15 acres in crop. The Homestead Inspector submits a report to the effect that the 19 acres broken by Mr. Earl on this land is all that is fit to break and states:-

> "He has had to clear about 8 acres of scattered brush at a cost of $5.00 per acre, and owing to the rough nature of the land should be allowed to substitute stock in lieu of further breaking. Mr. Earl has been pasturing his stock on his homestead during the summer months and he has sufficient shelter (on the land where he has been residing) for his stock.
>
> In this respect Mr. Earl has complied with the regulations, as the place is all fenced with a substantial fence."

His application for entry is signed "Samuel Earl" and his application for patent "Samuel Henry Earl". Homesteader should furnish a statutory declaration as to the correct spelling of his full name.

It is noted that the Homestead Inspector valued the improvements left on this land by the former entrant at $106.00, while the entrant has only paid $65.00 leaving a balance of $41.00 due from him.

Please say what action.

Your file 19764.

Referring to your communication of the 10th ultimo enclosing the application for patent of Samuel H. Earl for the above described land, I beg to inform you that it has been decided in view of the Homesteader Inspector's report to accept as sufficient, the cultivation performed by the homesteader together with the stock he has maintained on the land.

It will be necessary however, for Mr. Earl to pay the balance due on the improvements amounting to $41.00 as he has paid to date only $65.00 on account of the total $106.00 which was the amount arrived at by the Homestead Inspector ~~last~~. Mr. Earl should also furnish a statutory declaration as to the correct spelling of his full name as his application for entry was dated Samuel Earl while his application for patent is in the name of Samuel Henry Earl.

Will you kindly advise him what is required in the matter.

Referring to your letter of the 25th February, last, Ref. 378063, respecting the application of Mrs. Bearor to make homestead entry as the head of a family, I am directed to say that the papers were referred to the Deputy Minister of Justice, who states that the document purporting to be a copy of the decree of divorce appears to be merely a copy, not certified by the proper officer of the court, and as such not sufficient evidence of the fact of divorce.

I return you herewith the document in question, and am to ask you to advise Mr. William Douglas, who has been acting on Mrs. Bearor's behalf, accordingly.

SKETCH OF

TOWNSHIP NO. RANGE WEST OF MERIDIAN

DOMINION LAND SURVEYOR

S 29183

Ref. 422343

Department of the Interior,

TOPOGRAPHICAL SURVEYS BRANCH.

Ottawa, 18th, March, 1897.

Memorandum

John B. Barr writes that he is located in Township 42, Range 25, West of 4th Meridian since August, 1894: he has put in two crops, will have another one this year, has resided on the place 2 1/2 years, has 18 acres under cultivation, 65 fenced in and some cattle and horses. He wants to obtain permission to absent himself for the summer of 1897 and wishes to know when the township will be in the market.

This township was subdivided in 1893 by Fred. L. Foster, D.L.S.: on recommendation of Mr. Dennis the survey was not accepted. It was to be corrected but this has not yet been done. It is probable that several settlers are now located there and that they made their improvements along the lines which they found marked on the ground. It is not unlikely that if a change were now made, it would cause dissatisfaction.

The main reason advanced by Mr. Dennis for recommending the rejection of this survey was that it had not been made in accordance with the provisions of the Manual of Survey (See his reports of 6th April and 2nd May, 1894, on file 525448 herewith). It was understood at the time that you would not permit any deviation from these provisions and that you were to have the Manual confirmed by Order in Council.

The Deputy Minister of the Interior.

Hereunder

Hereunder, I submit a sketch showing Foster's measurements and in red what they should have been according to the manual. The greatest discrepancy in the side of a quarter section is 68 l. (45 feet); in the area, the discrepancy if two and one half acres.

Respectfully submitted,

Surveyor-General.

S 29197 **Department of the Interior,**

Ref 422343 TOPOGRAPHICAL SURVEYS BRANCH.

Ottawa. 20th, March, 1897.

Memorandum

Referring again to the surveys by Fred.L.Foster of Townships 42, Range 25 and 42, Range 28 which were not accepted, you will observe that only $200.00 were deducted from his account while Mr.Dennis reported that the correction could not be made for less than $850.00. The question now is: will the people derive from the re-survey a benefit commensurate with the expenditure of $850.00 I have no hesitation in answering that they will not: although the surveys are not as perfect as might be desired, they are good enough for the purposes of the settlers. Taking everything into consideration, I would advise the confirmation of the surveys.

Respectfully submitted,

Surveyor-General.

Dear Sir,

I located on Sec. 30 South East ¼ , Township 42, - Range 25, - West of the 4th Mn. in August, 1894. I have resided permanently on the land since but this Township is not thrown open for entry as yet . I would like to know if my time is going to count , I have put in two (2) crops on this land and fenced about 40 acres ; Mr Thompson , the Homestead Inspector for this District gave me to understand the fall I located here , that my time would most certainly count . I would like to get leave of absence to be away from this place for this coming summer . If you will kindly bring this matter before the Officers in charge of the land Department at Ottawa in regard to this Township you will confer a favor on me, and a dozen other settlers who want to make their entries in this Township.

Sir,

Enclosed find application for Homestead Patent, to Mrs Elizabeth Pell, to the S. W. ¼ Sec. 18, - 33, -2, - W. o f 5th Mn. She would seem to be entitled to Patent, and consequently have recommended same, but have thought it well to direct your attention to what I consider advisable, if not necessary viz; that she should in her application state whether or not she is a widow.

Of course in application for Ho mestead entry she must have described herself as a widow; but she need not necessarily be one now, and is it not advisable she should state in her application for Patent the facts bearing on this point.

Dear Sir,

Permit me to ask you for information on the following;

There are a couple here who lived in open adultery in and near Calgarysome time,they eventually came uphere ,and for the past four years have been living on their Ho mesteads . Now we cannot prove that they actually committed adultery ,since they came here, but they have lived in a House consisting of only one room for four years ,and knowing their previous character ,cannot doubt it.

Be kind enough to state is this unlawful,cohabitation,or crime in the eyes of the law?. Can we prevent theim getting their Deeds ?.

The people here are so sure everything is wrong, they want them out of this ,yet feel sure if they make open complaint ,the offending parties will po ison their cattle,or burn down their buildings.

Enclosed find copy of letter from Sidney, A. Carter, and my reply. If you desired, I have no doubt I could ascertain the parties he had in view, as I understand there is a notorious case in that neighbourhood.

The parties alluded to are I have no doubt Mrs Elizabeth Pell, who in May 1893, made entry for S. W. ¼ 10, - 33, - 2, - West of 5th Mn. and Thomas B. Mc. Crae, who on the same date made entry to the N. W. ¼ of said Section. See letter of your Office of the 18th of August last, fyle, 370755. North West Mounted Police,

Ottawa, 13th October 189 6

Sir,

The advance of cattle ranchers with their stock in the direction of the Red Deer River north of Medicine Hat, will necessitate the establishment in the early future of one or more new Police outposts, and I beg to ask the authority of the Hon. the Minister of the Interior to stake out and occupy for Police purposes, to the exclusion of settlers, a site of not exceeding 160 acres for outpost buildings and pasturage on or near the South ½ of Sec. 18, Tp. 22, R. 6, West of the 4th Meridian.

An Officer of the Force, who was sent to explore this locality, reports that he is unable to give a more definite description than that above quoted, for the reason that the tin indicators have been removed from the Surveyors stakes. I can however promise that the selection will be made so as not to interfere with any claim already taken up by a settler or rancher, our object being merely to secure the site and, if possible, get out logs for the erection of buildings during the coming winter.

We have not yet taken any steps towards the erection of buildings on this Reserve, but the location was made after a good deal of exploration and enquiry, and will be required for our purposes if the government should decide to extend Police jurisdiction to the Red Deer River District, to which ranchers are gradually causing their cattle to drift.

Memorandum.

With reference to the attached letter addressed to you by Messrs. Gordon and Ironsides, I find on looking into the matter that one of the parcels of land applied for, the S. W. ¼ of 15, Tp. 5, West 4th. seems to be vacant. The S. W. ¼ of 16, Tp. 6, West 4th has been reserved for Mounted Police purposes, and is, therefore, not available. The South half of 5 and the South half of 6, both in Township 11, Range 4, West 4th are vacant, and Mr. Andrew Gordon of Medicine Hat was recently given permission to purchase these half sections at the current rate of $2 per acre. No sale has apparently yet been made.

If it is intended to consider an application for a reduction in the price you may wish to have a report from the Homestead Inspector.

Respectfully submitted,

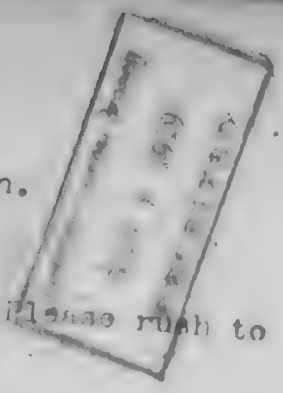

Actin. Commissioner.

Dear Mr. McLean,

In pursuance of the general policy of making available as much land as possible for Soldier Settlement we are making a general check of all records with a view to ascertaining what lands are at present reserved from settlement and whether it is possible to throw such lands open for entry.

The records of the Department show that the South half of Section 18, Township 32, Range 6, West of the 4th Meridian, lying West and South of the Red Deer River was reserved in October, 1896, for the North West Mounted Police as a police reserve for the protection of certain cattle ranchers.

Will you kindly inform me if this land is still required for your Department.

Yours sincerely,

Deputy Minister.

Dear Mr. McLean,

Reference No. 413243

I have your letter of the 9th instant, asking for the name of the settlement nearest to this land which is shown in our records as reserved for the purposes of your Department.

In reply I may say it does not appear clear from our records to what police station this land should refer. It seems that in 1896 the whole of this half section was reserved for police purposes at the request of the then Comptroller. I am sending you copies of four letters dated 13th October, 16th October, and 3rd December, 1896, and the 13th February, 1901, which were received here from your Office. Perhaps these copies will be of assistance in tracing the matter in your records.

ENCL.

Yours sincerely,

Deputy Minister.

Memorandum:

Mr. Hume.

General Check of Records.
S.½ 18 S. & W. of Red Deer River.
Township 22, Range 6, W. 4th M.

QUESTION: Disposition of land.

According to file hereunder the South half of Section 18 on both sides of the Red Deer River are reserved for purposes of the Royal Canadian Mounted Police. See Head Office letter of the 11th Dec. 1896 on file hereunder.

According to Land Patents Branch the reservation is for the South half of this section South and West of the Red Deer River and according to the Agent his records show only the South West quarter of this section. This latter standing, however, would apparently be only according to the Agent's register and his files should show it for the full half section.

The Assistant Commissioner of the Royal Canadian Mounted Police by letter of the 23rd of April last on file hereunder states that these lands are no longer required for his Department. The different Branches of the Department report this land as clear with the exception of T. & G. and Land Patents Branch who report the S.½ 18 North and East of River as under Ranche which information is corroborated in the Agent's records.

As the South East 18South and West of River is of 110.1 acres and the South West quarter of full theoretical area and both are situated within three miles of a railway in a well settled district, I would suggest that the Agent be instructed to make these lands available for Soldier Settlement if aware of no reason to the contrary. He should also be instructed that the full South half is ~~clear as far as~~ reservation for the Royal Canadian Mounted Police ~~is concerned.~~

Recommend pending unless it is thought advisable to ask S.S.B. if they want it specially transferred to them.

Sir,

S. | 15-22-6-W. 4th M.

The above half-section was reserved for the Royal Canadian Mounted Police. The Assistant Commissioner of the Mounted Police has now reported that this land is no longer required for his Department, and as the land is within the area set apart for soldier settlement, it has been decided to instruct you to post the land for soldier settlement in accordance with the regulations, provided you are aware of no reason to the contrary. It would appear from our records that your register bears only the South West quarter of the section as being reserved but I am to advise you that the whole half is now released from this reservation and should be treated as above indicated.

Your obedient Servant,

Assistant Secretary.

DOMINION LANDS OFFICE.

Posting of Soldier Settlement Land.

File No. 90475.

Lethbridge, Alberta, June 21 1920

Notice is hereby given that after the expiration of 10 clear days from the date hereof, that is, on and after the 2nd of July 1920, the South East ¼ of Section 18 (So. of R.) Township 22 Range 6 West of the 4th Meridian, 76 acres, will be available for entry, providing the land is of the class suitable for farming and is unoccupied, as follows:—

ON THE DAY HEREINABOVE MENTIONED the privilege of entry (either as an ordinary homestead or as a soldier grant) is restricted to a "settler," as defined by the Soldier Settlement Act, eligible to make entry who holds an adjoining quarter section under homestead or soldier entry, or who obtained homestead patent for such quarter section and is still the owner thereof, or who was a squatter before survey on such quarter section. The regulations relating to conflicting claims by adjoining settlers will be found in full on the back of this notice.

ON THE SUCCEEDING DAY (namely the 3rd day of July, 1920), and thereafter (unless entered for or reserved for an adjoining "settler") the land will be available—

(a) By a "settler" as defined by the Soldier Settlement Act as a Soldier Grant.

(b) By a "settler" as defined by the Soldier Settlement Act as an ordinary homestead, provided such settler is eligible to make homestead entry.

NOTE: The Board does not desire to interfere with the ordinary homestead privilege of men who joined the Canadian Expeditionary Force in good faith and who have been discharged before reaching any of the actual seats of war for some valid reason, and who desire to obtain homestead entry within the tract reserved for Soldier Settlement. In all such cases, however, the Agent of Dominion Lands in accepting entry should particularly note that the man has not been discharged from the Forces by reason of misconduct.

N.B.—Men belonging to or discharged from Forces other than the Canadian Expeditionary Force are not eligible to secure homestead entry in the tract reserved for soldiers, unless they are also eligible for soldier grant under the Soldier Settlement Land Regulations.

For particulars as to who is entitled to a Soldier Grant see other side.

Applicants for soldier grant entry must produce, when applying for entry, certificate of attestation, [redacted] or telegram or special letter from the Soldier Settlement Board.

Applicants for homestead entry must produce evidence of honourable discharge, or if still on military service, must furnish particulars of enlistment.

Any person who is desirous of making entry must visit the land personally before making his application, and satisfy himself that there is no one in residence, as he will require to swear when making application for entry that the land is unoccupied. The intending applicant should, at the same time, carefully examine and estimate the value of the improvements, if any.

The application for entry, unless made by proxy, may be made either at this office or at the office of the Sub-agent of Dominion Lands in whose district the land is situated. Proxy entry must be made at the office of the local Agent, not Sub-agent. For proxy regulations see Dominion Lands Land Book.

No fee is charged in connection with a soldier grant. The entry fee if taken as a homestead will be $10. According to evidence on file in this office there are improvements upon the land [illegible] worth $ .....

PAYMENT FOR IMPROVEMENTS.

Before a person is granted entry or reservation, he shall declare what improvements, if any, there are upon the land for which he applies, and pay to the Agent or Sub-agent the full amount of his valuation of such improvements. Should he fail to make such declaration his entry or reservation shall be liable to cancellation.

In the event of uncertainty as to the correctness of the entrant's valuation, or if the value of the improvements is placed at over $25, the Agent shall cause such improvements to be examined and valued by a Homestead Inspector. If a surplus has been paid, the excess amount may be refunded. If insufficient has been paid the entrant must at once pay the difference, otherwise his entry may be cancelled.

PAYMENT OF INDEBTEDNESS CHARGED AGAINST THE LAND.

The following indebtedness is charged against this land $ ..... If the amount collected for improvements is not sufficient to make up this indebtedness, the applicant for entry is required to pay the full amount of indebtedness.

Agent Dominion Lands.

Sub-Agent or Postmaster at Atlee, Alberta.

PLEASE POST IN A CONSPICUOUS PLACE.

Eligibility for Soldier Grant Entry:

"Settler" means a person who at any time during the war has been therein engaged on active service in a military force:—

(1) of Canada—and has served out of Canada; or, wherever he may have served is, by reason of disability incurred or aggravated as the result of such service in receipt of a pension: or,

(2) of his Majesty or of any of His Majesty's Allies—and, being ordinarily resident in Canada when he enlisted in or otherwise became a member of such force, has served thereafter out of Canada, in a theatre of actual war, or,

No Soldier Grant Entry shall be made to any settler who,—

(a) has, pursuant to the provisions of the Soldier Settlement Act, 1919, purchased from the Board any land: or,

(b) has pursuant to the provisions of the said Act or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land; or,

(c) is owner of or has a vested possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes an average farm for the district within which the land is situated, or which, in the opinion of the Board, is of the value of five thousand dollars.

Unless otherwise determined by the Board, every applicant for soldier entry shall be required to make a declaration in the form prescribed by the Board that he is not by reason of the foregoing provisions debarred from such entry. Where such declaration is subsequently found incorrect in any material particular the entry, if granted, shall be liable to cancellation.

Regulations relating to conflicting claims by adjoining settlers.

Sections 33 to 35 of the Soldier Settlement Land Regulations, 1918, read as follows:—

CONFLICTING CLAIMS

Provided also that if the Agent is satisfied that any applicant for soldier entry shall not grant entry on the land affected, but refer the matter to the Board for consideration.

Question - Disposition of land.

There is nothing on file to indicate any Seed Grain indebtedness against these lands.

The Homestead Inspector reports that the S.E. 18, S.W. 18, are best adapted for grazing purposes and I would suggest that the Agent be instructed to post these lands for leasing only.

The N.W. 28, according to the Inspector would be suitable for agricultural purposes. I would suggest that the Agent be instructed to post this land for ordinary Homestead entry providing he is aware of no reasons to the contrary.

The Homestead Inspector reports as follows regarding the character of these lands:

S.E. 18-22-6-W4th Mer.

Nature of Soil.....Rough hill.
Area fit for cultivation..Nil.
Subsoil.....Clay.

"The above land is close

ANSWER.

The fact that there was an imperfectly executed declaration before an Examiner & examination (if in fact same was disclosed by the evidence) in addition to the above mentioned declaration of the claimant was accepted as to time being no improvement on the land. Mr Coleman thinks it probable that this statement was corroborated by the witness to have been due to oversight or the reluctance to compel the man to obtain corroborative evidence.

MEMORANDUM

TO:

MR. HUMT

N.E. 33-4-13 W 4th M.

Application for Homestead patent made by Fred Gervais recommended.

When securing entry for this land Mr. Gervais stated that he was a British subject born in U.S.A. In his application he claims to be a British subject by birth, and on the 27th of October 1919 he was asked to furnish a declaration in regard to his nationality.

In reply, Mr. Gervais wrote the Department stating that he was not a British subject as he was born in United States. In view of this communication he was asked to furnish a Certificate of Naturalization and a sworn declaration was then received from Pierre Gervais to the effect that he was the father of Fred Gervais who was born in United States. The father states that he came in Canada in 1894 and he was naturalized in 1899 or 1900 when his son Fred was about 11 years old.

In October last the entrant informed the Department that he was unable to locate his father's Certificate of Naturalization, but his father had secured patent for the S.W.24-55-25 West of the 4th Meridian.

The file shows that Pierre Gervais was born in Canada, and when making entry for the land he gives his nationality as a French Canadian.

Please say what action should be taken in this case.

Dear Sir,

I would like very much to know if a person who has made entry for a homestead in the year 1889, the 15th July, would have the right to a second homestead, seeing that is already 32 years ago. I also took a pre-emption which I returned to the Government about 4 years later. I have also two boys who are of age to take homesteads, one is 24 years, the younger 20 years, one was at the Front during the war. We have a place in view the other side of St. Paul de Metis, via Edmonton, near Moose Lake where there are still several homestead available

Will you be good enough to inform me about the regulations regarding the Homestead Lands and the other means that there are to procure lands which are not occupied, for here there have been, so to say, four years in which the crops were almost nothing and this year already two things are in the way the cutworm and the drought. So I am hoping for a favourable reply.

Yours truly,

Your servant,

Ottawa, 30th June, 1921.

Sir,

I am to acknowledge your letter of the 15th instant with reference to the question of your right to a second homestead, and in reply to say, judging from the information furnished, you are not entitled to this privilege.

Under the regulations, the right of second homestead entry is restricted to persons who completed the duties to entitle them to patent for their first homestead prior to the 2nd June, 1889, and as you say that you did not make entry for your homestead until the 15th July that year, it will be apparent to you that you are not eligible.

I may add that the privilege of pre-emption and purchased homestead entry was withdrawn by Order-in-Council of the 20th March, 1918, and you are, therefore, not entitled to make entry for a quarter-section as a purchased homestead.

With regard to your two sons provided they have not already made entry and obtained patent for a quarter-section as a homestead, they will be entitled to homestead in the usual way.

Assistant Secretary.

Ottawa, April 30th, 1897.

Dear Mr. Sifton,

There is a public building at Lethbridge intended for Custom House, Post-Office and Court House. The people of Lethbridge make representations to me that the post-office could be located more conveniently in the business part of the town and I contemplate yielding to this view and allowing the post-office to continue in the business part. This will leave a part of this building at the disposal of the Government. Your Department has rented a Land Office at Lethbridge paying about $240.00 a year. I am told by Mr. Oliver M.P. that the unoccupied part of this building would be quite suitable for your office so that from the standpoint of this Department there is no objection to your taking the unoccupied part and thus

Ottawa, May 11th, 1897.

Memorandum

Re Mr. Smart's memo underneath asking who pays the rent of the Lethbridge office. The Department of Public Works pays the rent of all our offices, and the cheques are sent direct by that Department to the lessors so that we are not in a position to say up to what date the rents have been paid. The tenancy of the Lethbridge office is, however, a monthly tenancy, and is terminable at any time on giving one month's notice. The rent is $20.00 per month..

The correspondence on this file shows that on the 14th October last, this Department requested the Public Works Department to reserve accomodation in the new Government Building at Lethbridge for the Agent of Dominion Lands, and that on the 19th idem the Public Works Department acknowledged our request. The letter of the 30th ultimo to Mr.Sifton from the Postmaster General suggests that this Department should take over the unoccupied part of the new building reserved for the purposes of the local post-office, as that office is not to be moved from the part of the town where it is now located.

JSP

Mr. Smart. The lease is attached to file 328, 8 hereunto reference - 333246 and is determinable on the third day of every month by either party by giving one month's notice. Dear Sir,

I am advised this morning that the Land Agent at Lethbridge reports that he is unable to remove his office to the new Government building until certain alterations are made, the office apparently not being convenient as it now is. The estimated cost of the improvements required is $150. Will you please wire your Agent, today if possible, to proceed with the work at once. Sir,

In reply to your letter of the 15th instant referring to No. 12722, I am requested by the Commissioner to the application on behalf of the Local Agent of Dominion Lands at Yorkton for the two rooms now occupied by him in the Court House Building at that point as Land Office. It would seem from the representations made by the Agent that these rooms are required in the public interest for the proper discharge of the Agency and its staff. The Commissioner would be glad to learn that these rooms may still be set apart for said purposes.

DEPT OF PUBLIC WORKS OTTAWA

Dear Sir,

Referring to your letter of the eighth instant, I have the honour to state that so far the Law Society has not secured posession of the room in question, and have never received the key. I might say that, leaving the use of the room as a library out of the question, it would be most injurious to the public interests if the Department of the Interior is allowed to have this room for Dominion Lands purposes, as it will seriously impair the value of the building as a court house. The room is question, which has a door opening to the west, presets the only means by which it is possible to afford the judges private access to the court room, and both of the judges and the bar of this district have always expected that a spiral stairway would be erected from this room to the floor above. If any case of importance is on and the court room crowded, it is scarcely consistent with the dignity of a judge to have to elbow his way through a throng of sightseers in order to reach the bench. But such is the case to-day and must continue to be so unless the accommodation mentioned is provided. Since all these departments have been crowded into one building, and each has to be cramped, the Customs and Inland Revenue between them have got five rooms which is certainly elaborate accommodation if the building were larger than it is. One of these five rooms lies immediately behind the land office, and if the land agent requires a private room it would be an easy matter to cut a doorway and give him one of the three which is now held by the Inland Revenue, which could be more reasonably urged in

view

in view of the fact that the Inland Revenue business of this town must be very small.

In regard to the Law Society's books, the only alterhative which suggests itself is to place them in the judges' room. I am writing to-day to Judge Rouleau asking his permission and if there be no objection to this on the part of your department I shall be glad if you will notify the caretaker to allow us access to the judges' room, providing Mr. Justice Rouleau consents.

Yours truly,

(Signed) C. F. P. Conybeare.

I beg to acknowledge the receipt of your letter of the 9th instant, reference No. 21500, also the enclosure which accompanied it, and in reply to request by the Commissioner to say that judging from the remarks made by Mr. Conybeare in his letter there would appear to be good grounds for retaining all the rooms in the Court House Building at Lethbridge for public purposes. With regard to the room specially in question I am to say that owing to increase of work in the Dominion Lands Office and the necessity of doubling the staff there the room is required by this Department.

Sir,

I am directed to acknowledge the receipt of your letter of the 11th inst., file 3202, also the enclosures it accompanied it, and in reply to say that as Mr. Simpson obtained entry for the N.W. ¼ of 24, 21, 4, W. 4th M., in a perfectly regular manner, there seems to be no ground whatever upon which his entry can be cancelled. It is of course a matter of disappointment to Mr. Nicholson, and the Commissioner thinks if he did not give very good advice it suggesting that the cancellation proceedings should be taken. It would appear from Mr. Nicholson's letter that he arranged with Mr. Miller, the former holder of the land, that the latter should retain possession until Mr. Nicholson came of age to take entry, and if this course had been followed out the desired object would no doubt have been attained. All that can now be done is to communicate at once with Mr. Simpson, tell him all the facts, and enquire whether he will be willing under the circumstances to relinquish the entry

Sec. 11 - 52 - 24-W.4th M. - 640 acres.
Saputchase Indian Reserve No. 136.

I beg to inform you authority has been granted to have a selection of Dominion Lands made of equal value for the School Endowment in lieu of the above land which was originally School Land but which was included by Order-in-Council in the Saputchase Indian Reserve.

Please issue the necessary instructions to your Inspector to whom you give the work pointing out to him that the land selected must be in the Province of Alberta; that it must be equal in value to the land relinquished and also that it is not considered in the best interest of settlement to select more than two full sections on School Lands account in any one township.

In order to be in a position to select land of equal value in lieu of that relinquished it will be necessary for the Inspector to visit the lands above described and furnish a separate report and valuation on each quarter-section for information of the Department. He will then be in a position to select other land of equal value and he should furnish a full report on each quarter selected - stating value and character, etc., This selection should be expedited as much as possible. Upon receipt by you of advice from the Inspector that he has made a selection, the necessary note should be made in your records, reserving the land so selected, provided, you are aware of no reason to the contrary, and you should then forward the Inspector's report to Head Office with a covering letter indicating what action you have taken as to reserving the land. You should also inform the Sub-Agent for the district in which the selections are made in order that he may make the necessary note in his records.

Every report, whether relating to School Lands or to selections in lieu thereof should be marked at the top "Attention General Check of Records, Dominion Lands Branch".

You should send here copies of any letters of instructions you issue to the Inspectors mentioning Head Office File 4027657, and such copies should also be marked "Attention General Check of Records, Dominion Lands Branch."

Sec. 11 & 29 - 12 - 13 - W. 4th M.
.....

I beg to refer you to your office files 89851-2 and to the Departmental letter sent you on the 29th July last regarding the disposal of the above described sections and to send you herewith a copy of a letter dated the 7th instant which has been received from the Agent of Dominion Lands at Edmonton, who asks that these two sections be reserved to replace Sections 11 - 52 - 24 - W. 4th Meridian and Section 29 - 51 - 24 - W. 4th Meridian which were formerly School Lands but have been included in the Papaschase Indian Reserve #136.

You will also find enclosed copies of individual Inspector's reports upon each of the eight quarter-sections included in the Papaschase Indian Reserve. It would appear from such reports that the land included in the Indian Reserve is perhaps of more than usual value and it is doubtful whether sections 11 and 29 - 12 - 13 - W. 4th Meridian are equivalent in value.

You are authorized, however, to reserve the two sections in favour of the School Endowment, provided you have not received applications to lease the land, and instruct one of your Inspectors to visit the land without delay and furnish an individual report upon each of the eight quarter-sections setting forth the character of the land, value per acre, improvements, if any, etc. It will be necessary, of course, for the Inspector to read over the enclosed copies of the reports on the School Land included in the Indian Reserve in order to be aware of their value, perhaps the two sections in question will not be equivalent in value to the land in the Indian

For this reason it is desirable that the Inspector should visit the land as soon as possible and furnish his reports which you should forward here without delay. Each report should be marked at the top "Attention General Check of Records, Dominion Lands Branch."

You should send here a copy of any letters of instructions you issue the Inspector, mentioning Head Office file #4866817 and such copies should also be marked "Attention General Check of Records, Dominion Lands Branch."

I might add that you should inform the Sub-Agent for the District of the reservation of the land for the School Endowment in order that he may make the necessary notation in his records.

This piece of land is required for a Siding and we understand it is included in a portion of the Indian Reserve which was sold to J.W. & J.McLaughan and George Brown, and that George Brown has since assigned his claim to J.W.& J.McLaughan. We now enclose a Quit Claim Deed, in duplicate, from them to the Calgary & Edmonton Railway Company. J.W. & J.McLaughan inform us that $14.00 to cover the price of the land has been remitted to your Department with the request that Patent be issued to the Calgary & Edmonton Railway Company. We believe this action was taken after consultation with the Dominion Lands Office Edmonton.

Will you kindly let us know if the enclosed Quit Claim Deed is satisfactory and if Patent will issue to the Railway? An early reply will oblige as parties are anxious to have the Siding built at once.

Sir,

Re yours of the 22nd Inst. Ref; 413469, has this sale been finally cancelled ?.

Robert Hamilton is a very good hard working settler, and he has expended probably $1500.00 ,during the past two years in trying to irrigate a portion of 30, - 20, - 28, West of 4th Mn. whether any portion of the S.W.¼ lies below his ditch ,I do not know ,but if his irrigation attempt is successful ,it will greatly enhance the value of this ¼ Section . His outlay on irrigation has no doubt prevented him from purchasing and under the circumstances if the land were sold him at $1.00, per acre because of his irrigation enterprise ,such a policy would probably form a good one. Is everyone similar to Hamilton to receive like treatment?. He appears to have paid already on this 83,&2/3 cents . Are there not any number of pre-emptions on which nothing has been paid and as long standing ,and no action taken. If the land could not be sold him at a reduced rate ,will what he has paid be applied on a portion of the ¼ Section ,say half of it ,paying up the balance . I shall not take any action in this till furthe r advised.

Memorandum.

This is the case of Mr. Robert Hamilton, an actual settler, who purchased the South West quarter of section 20, Township 20, Range 1, West of the 4th Meridian on the 9th of June, 1906, and made one payment thereon. The correspondence shows that he has done a good deal of irrigation work, he has spent in all about $1,500. In November last Mr. Hamilton was written to by the Department that if he did not pay the balance due in connection with his purchase, with interest thereon, the sale would be cancelled, the balance being $[illegible].97. No reply having been received to this communication it was decided to cancel the sale and upon the quarter-section for homesteading, it being an ever-ended section. The Agent at Calgary had instructed that effect. Mr. Sutherland, Acting Agent, wrote the Department that Hamilton is a hard-working settler and suggested that the land be sold to him at $1.00 per acre in view of the irrigation work done by him, in which view Mr. Pearce concurred later on. In view of the circumstances of the case I recommend that the land in question be sold to Mr. Hamilton at $1.00 per acre.

Respectfully submitted,

Deputy Minister.

Referring to Mr. Superintendent Pearce's letter of the 5th May last, Ref. 3897, and to yours of the 30th March last, I am directed to say that the Minister, to whom the matter has been submitted, has authorised the rate per acre to be paid by Mr. Robert Hamilton on his purchase of the S.W.¼ of Section 30, Township 20, Range 28, West of the 4th Meridian, to be reduced from $2.50 to $1 per acre.

Sir;

Referring to your communication of the 24th ult, file 413469, enquiring if Mr. Robt. Hamilton who is the purchaser of the S.W.1/4 30 - 20 - 28, west of the 4th. is entitled to the issue of a patent for the land in question under the irrigation regulations, I have the honor to inform you that I cannot say as to that. A copy of this letter is being forwarded to Mr. Hamilton for his information.

As I have understood it all along the land is sold at $ 1.- per acre, which amount has in nearly every case been paid down, the purchaser has 5 years within which to place his irrigation improvements upon the land, which if done within that time and everything is satisfactory to a proper officer of the Department, whom I suppose should inspect said works, a patent issues, otherwise all claim on the part of the applicant should lapse.

Mr. J. R. Sutherland,

Dear Sir;

In reply to your letter of Jan 6th, I will here state what I have done. I put a ditch in on the land with a capacity to errigate 100 acres of land, that was in the year 1895, there was 3/4 of a mile of fluming which was along a cut bank and a gravel cut 18 feet deep and over 300 feet long, the whole cost me over 1200 dollars, and ditch was about three miles long and in 1897 the freshet washed out all of the flume which is impossible to put back in the same place as the bank is now almost perpendicular but I intend when I feel able to put water on in some way other way. I received but very little benefit from it as it was wet seasons while I had it. Now I think I am entitled to get a Crown Grant to the land and you will be doing me a great favor if you will use your influence towards getting it for me. I will be in shortly and will call at your office to see you.

I remain yours truly,

Sir,

The South West quarter of Section 30, Township 30, Range 28 west of the 4th Meridian was sold to Mr. Robert Hamilton at the rate of $1 an acre, with irrigation conditions attached. Mr. Hamilton has paid for this land in full, and the Agent at Calgary, under date of the 15th instant, File 3887, states that he,(Hamilton) is enquiring about the issue of his patent for the land in question. Mr. Hamilton, in a letter dated the 14th January, 1899, stated that he had put a ditch on the land, with a capacity to irrigate 100 acres of land, in the year 1895, there being three-quarters of a mile of flume along a bank and a gravel cut 18 feet deep and over 300 feet long, the whole costing him over $1200. That the ditch was about three miles long, but that in 1897 the freshet washed out all the flume; that it is impossible for him to put it back in the same place as the bank is almost perpendicular. Mr. Hamilton says, however, that he intends to put water on in some other way. The Agent reports that Mr. Hamilton is a hard working settler, and if you can file a certificate to the effect that the necessary expenditure on account of the irrigation works has been made, steps will then be taken to issue the patent without delay.

Sir,

I beg to acknowledge the receipt of your letter of the 22nd instant, Ref. Letter 571332, File 413469, relative to the South West quarter of Section 30, Township 20, Rge. 28 West of the 4th Meridian, which was sold to Mr. Robert Hamilton at the rate of $1.00 per acre, with irrigation conditions attached, in connection with his scheme for the diversion of water from Sheep River for irrigation purposes, and setting forth certain particulars given by Mr. Hamilton in a letter dated January 14, 1899, regarding the ditch and works he had constructed for the irrigation of this land, which works were destroyed by the freshets of 1897; also that he states he now intends to put water on in some other way; that he is enquiring about the issue of his patent for the land in question; and advising me that if I can file a certificate to the effect that the necessary expenditure on account of the irrigation works has been made steps will be taken to issue patent without delay.

In reply I beg to refer you to Departmental file 31308 T & M., covering Mr. Hamilton's application for permission to divert water from Sheep River for irrigation purposes. On September 6, 1897, Mr. Hamilton wrote this office stating that the flume constructed by him had been washed

away and could not be replaced owing to the bank having been cut perpendicularly, he abandoned all his right to take water out of that side of the river, the whole thing was a dead loss, and his application could be cancelled. A copy of this letter was forwarded to Head Office with my letter dated September 15, 1897, and I was notified of the cancellation of the application by Departmental letter of the 25th idem.

In connection with this matter I may say that I am aware of the fact that the system was constructed by Mr. Hamilton as mentioned by him, and also that it was carried out at the time of the floods in 1897. I am not, however, aware of the means which Mr. Hamilton now proposes to adopt to put water on his land from some other source, and therefore all that I can certify is that Mr. Hamilton did construct the system for the diversion of water from Sheep River for the irrigation of the land referred to, but that he has not used water for irrigation of such land since 1897.

You will note that the record made by him against Sheep River was cancelled on his own application as above mentioned, and so far as I know no steps have been taken to restore the system which was destroyed in 1897.

I am, Sir,

Your obedient servant,

Deputy Commissioner.

This is a case in which certain land was sold to Mr. Robert Hamilton at the rate of $1 per acre with irrigation conditions attached. From a report by Mr. Dennis as to the irrigation work having been performed it appears that it was performed but that it was destroyed by the freshet of 1897. Mr. Hamilton has stated that he purposes to place water on the land from some other source, and his application so far as regards the diversion of water from Sheep River through the purchased land was abandoned by him and cancelled by the Department. He desires, however, to obtain a patent for the land, and the question submitted for your instruction is as to whether in your opinion the conditions have been performed.

Respectfully submitted,

IN THE MATTER of the North West Quarter of Section Sixteen (16) Township Forty-Five (45) Range Twenty-Three (23) West of the 4th Meridian, and a Government Seed Grain Lien given by one Harry Fisher.

3826333

I, Harry Gill Cuttle, Chief Inspector of Dom. Lands Agencies, having carefully examined and after the perusal of the declaration of one John P. Gross of the city of Wetaskiwin in the Province of Alberta, Gentleman, have fully satisfied myself that the Seed Grain Lien given by one Harry Fisher for securing payment of Fifty-One Dollars ($51.00) and registered under No. 3186 BI. and affecting the S.W. ¼ of 31-65-22 W. 4th, should not in any manner apply to, or affect the N.W. ¼ of Sec. 16, Tp. 45, Rge. 23 W. 4th M. and of the North Alberta Land Registration District to release the said N.W. ¼ of 16-45-23 W. 4th from all or any encumbrance in so far as it is affected by the above Lien heretofore set out, and let this be his full and sufficient authority for so doing.

I have no reason to doubt Svenson's statement that there were no improvements of value at the time he obtained entry. Breakin[g] in good order, is valuable to the man who takes po[ssession] in Spring, and of less value if taken possession of before the weeds have time to seed; the value, however, is generally nil if noxious seeds have ripened and fallen; in fact, in my opinion, such cultivation is a material injury to the land: this is how the farmers generally look at the matter- and reasonably.

I beg to submit this case for your decision.

Mr. Oscar Nelson was advised on the 12th of June, 1909, to the effect that before anything further could be done in connection with his application for patent for the above described land he must forward here a supplementary statement showing exactly how his residence duties have been performed in view of the fact that his evidence and that contained in the homestead inspector's report did not agree.

Cancellation proceedings were instituted in the meantime and as nothing further was heard from the homesteader a homestead Inspector's report was again asked for. This report has now come to hand which I would ask you to read and which you will note is very unsatisfactory in so far as the homesteader is concerned. It appears that the Inspector could not secure any definite dates as to residence other than it was performed in broken periods. His present address is not known.

Respectfully submitted,

It is evident that we should buy and communicate with Nelson. Tell Agt to buy at Gaston or enquire of P.M. at the P.O. nearest the land.
In the meantime the appl. cannot be allowed, but before deciding on the appln to cancel he should be given an opportunity to defend himself. Tell Agent to bring the matter up in 30 days.

In your memorandum underneath you state that Mr. George E. Stewart has asked for permission to open a stone quarry on his homestead, the South West quarter of Section 30, Township 10, Range 24 West of the 4th Meridian, and you ask what course he should pursue.

The regulations governing the issue of leases for stone quarrying purposes apply only to vacant lands of the Crown, and as a result it would not be possible to issue a lease under the provisions of these regulations for lands held under homestead entry.

So far as I am aware the only way in which Mr. Stewart can operate a stone quarry on his homestead is by special permission of the Department.

[redacted]

This man in his application for patent claimed continuous residence with his father on the North East ¼ of Section 13, Township 10, Range 25, West of the 4th Meridian, from the 20th February, 1911, to the 4th June last. He claimed 32 acres breaking, 32 acres cropped, house valued at $200.00, one mile fencing $25.00.

The Agent furnished Abstract of Title showing that [redacted]. Molby Stewart, Oliver Gordon Stewart and James Orvell Stewart were joint owners of Section 13, Township 10, Range 25, West of the 4th Meridian, the land where the applicant performed the residence duties.

The Agent was instructed to obtain a declaration showing what relationship existed between the three parties, who own Section 13, and the homesteader and what interest each party holds. A declaration has been received now from the applicant stating that Molby Stewart is his father and Oliver Gordon Stewart and James Orvell Stewart his brothers, and that the three parties named are joint owners of Section 13, in equal shares and that the said parties had resided on the said land during the period since 1910. Will you accept proof of ownership as satisfactory.

The report has been received from the Homestead Inspector stating that the above land is broken by a coulee running back from the river through the middle of this quarter close to the river the land is very rocky and not fit to cultivate, and the 32 acres now under cultivation is all the land fit to cultivate. Please say if you will accept the cultivation duties as satisfactory.

I presume it will be necessary for a declaration to be received from Molby Stewart, Oliver G. Stewart and James O. Stewart stating that they were in residence on Section 13, during the time claimed by the applicant.

S.W.¼ 30--10--24--W. 4th M.
Homestead G. H. Stewart.

Mr. Stewart has made his application for patent.

He claims to have performed his residence duties by living with his father on a section of land in the vicinity owned jointly by the latter and two of his sons.

The father's interest in the purchased land is over 200 acres.

Under our practice joint ownership is only permitted in the case of a homesteader who is performing his residence duties by living with a quarter-section in the vicinity owned by him jointly with one relative.

Kindly inform me whether Mr. Stewart's residence with his father on a whole section owned jointly by the latter with two sons may be accepted.

Attached herewith are the papers relating to a case in which permission was granted to a homesteader to count residence performed with two brothers in one house on land owned jointly by the homesteader with two brothers, each share being equal to 80 acres.

Respectfully submitted,

Sir

In regard to the claim mentioned I beg to say that I homesteaded same in about the year 1904 or 5 & lived continuously upon the place for 5 years & performed improvements to the extent of about $2.500.- I applied for patent upon this land in the year 1909 but owing to some error having occurred in the entries submitted same was held up for a considerable time when I again inquired into the matter I was informed by the Dom Lands agent at Lethbridge that same had been cancelled. How I am at a loss as to how this could ever be taken from me as all the necessary duties had been

392210

Perfomed.

I can submit sworn affidavits to substantiate my statements in this connection and upon receipt of further advice from you will be only too pleased to do so.

The delay in this matter was occasioned owing to the fact that I found other land further north to attract to & I was under the impression that Title had already passed in my name

Kindly give this case your earliest attention & I can assure you I am making application as made the truth of my statements will be verified

I remain

Sir,-

Referring to your letter of the 18th ultimo, to Mr. Stephenson which has been transferred to the Department, I am to inform you that a copy of it is being mailed to the local Agent at Red Deer, so that he may instruct the Homestead Inspector to visit you on the first opportunity for the purpose of ascertaining the best way of settling the difficulty that has arisen on account of your house being located on the South West 1-24-27-4-West 5. instead of upon your homestead, the South East quarter of this section. Possibly, if it were agreeable to all concerned, the matter might be arranged by your exchanging Legal Sub-Division 2 for legal Sub-Division 1 in the adjoining homestead. This is only mentioned as a suggestion and probably it would be more desirable for you to remove your house on to your own land. You will be further advised after the Inspector's report comes to hand.

House could very easily be removed on to his own land and I would recommend he be instructed to remove it. as there is plenty of ground for a building site between the road fence and the slough on his own land.

Dear Sir,

I should like to know about the South East quarter section 24

Township 47 range 25 W. 4th. M.

Since 4 years it is always said that this land is not open, but there is nothing being done on the place. Four years ago a man resided on it but l

he had a homestead and I heard he lived on it to keep it for his son.

The steps in which this family lived has taken into last spring, and

recently One do not that ever a furrow was turned on this land and still it

is still not to be seen.

I should like to have this denied if possible and beg for an answer.

I beg to say that the cancellation of this entry has been held in obeyance since the 20th day of May 1901 as the Homestead Inspector was to make a report in the matter which he has not done up to date. As there have been four new applications for inspection since that date and it appears owing to the large increase in his work that it will be some time before the Inspector can report. I instructed that new notices should be sent out in order that the Homesteader might file a new defence if still in the country and I could judge whether his entry should be cancelled or not without awaiting for the Inspector's report.

Information:-

I have to submit Mr. Nathan Wellwork's application to purchase fractional N.W.¼ of section 2, township 18, range 11, west [illegible], containing 105 acres, more or less, claiming pre-emption.

The land applied for, while it adjoins on the [illegible] boundary, is vacant, and is included in the tract applied for by the Great Falls Canada Company (File [illegible]). I will be glad to hear Mr. Wellwork's reasons [illegible] why he objects to the purchase of the land applied for, which is the fractional S.W.¼, and is contiguous to the land applied for, at one time granted to Mr. Wellwork.

This land is included in the tract applied for by the Grand Falls Cattle Company and it is observed that Mr. Allworth's homestead does not adjoin the land applied for, but that the fractional S.½ which is contiguous to the land applied for, was leased to him. Referring to the application of Nathan Hallworth of Lee 22 1904 to purchase the fractional N ½ 1/4 Lee 2 ℔ 12 Rge 11 W 4th containing 105 acres & your reply of same of 10 Mch 1905. No 41/1303. You state that a report is being called for in the matter. I met Mr W W Stuart Inspector of Ranches in Calgary a few days ago & in conversation he stated he had not as yet come across application. He had been away & there were a large number of such matters in his office but that when he received his instructions he could report.

Calgary, 8th May, 1905.

Sir,

I have received a communication from Doctor deVeber M. L. A., Lethbridge, in reference to the pplication which he states Mr. Nathan Walworth of Lethbridge, made to purchase a fractional portion of the NW¼ of Section 2, Township 12, Range 11 West of the 4th Meridian lying East of the Saskatchewan River. I cannot find any instructions from the Department on this matter, but would say that I was on Mr. Walworth's place once and he showed me a peice of land. The land itself is of very little value being mostly sand bar, but it constitutes the frontage of Mr. Walworth's holding on the River. I see no objections to its being sold to him as it would never be wanted as a homestead and is of no value to anyone but Mr. Walworth. The land is not worth more than $1.50 per acre and I would recommend that it be sold him for that figure.

Memorandum:-

With reference to my memorandum of the 16th February last, relative to Mr. Nathan Walworth's application to purchase the fractional S.W. 1/4 of Section 2, Township 10, Range II, West Fourth Meridian, I beg to say that the report from the Homestead Inspector in the matter, was duly called for in accordance with your decision.

Mr. Inspector Stuart now states in his letter of the 8th instant that he did not receive any instructions from the Department in this matter, but that he at one time visited Mr. Walworth's place and that the lease which the latter showed him is of very little value, being mostly sand bar, but constitutes the frontage of the applicant's holding on the river. Mr. Stuart states further that the land would be of no use for homestead and of no value to any one but Mr. Walworth, and recommends, therefore, that it be sold to him at $1.50 per acre.

Accompanying Mr. Stuart's letter is a communication from Mr. LeVeber, M.L.A., from which it would appear that the latter has interested himself in Mr. Walworth's application.

Letter No.12.698
Ref.No. 8321

Sir:-

Enclosed find copy of a letter from Mr.Harry Symons Q.C.,of Calgary and my reply,also declaration which accompanied his letter of Alice Marguerite Few,duly corroborated concerning an application on behalf of the Legal representatives of the late A.B.Few to homestead the E.½.of the N.E.¼. of 32 and that portion of the N.W.¼.of 33 lying west of the North Fork of the Old Man's River both in Township 8 Range 1 west of the 5th Meridian,containing in all 153 acres,more or less. I also send you a copy of the will of the late Mr. Few.

This parcel was included in the application of Mr.Few for permission to purchase dated the 7th of August 1894. See yours of the 14th September 1894 Ref.145.874 T.& Dr.No. 2.

The history of the homestead claim is as follows. It was the head quarters of the ranche of Jones,Meternick and McCaul,lease issued in or about 11th April 1882. That firm was succeeded by Meternick in or about 1888. Few succeeded Meternick and since then has been sole owner.

The greater portion of this township was surveyed in 1886,approved 16th January 1888. At the time of surveyings belonging to the headquarters of Mr.Meternick was that portion of the N.W.¼.of 33 lying west of the Old Man's River. I have known the

Interior,

Ont..

the place intimately since the autumn of 1885.

If Mr.Few had obtained entry at the date he first settled and when he became apparently the sole proprietor,he would ore this have been entitled to his homestead patent without doubt.

There are two points to be decided, First,Can entry be granted is requested. Secondly,Can time prior to his entry now count.

There is no doubt,that if on survey being approved,had the then owner applied for entry as now requested and shewn that at the time of survey in 1886 he was in possession,he would have been accorded entry. But does Mr.Few's purchase subsequent to survey of an old section give him a right to entry because the party from whom he purchased was in possession and resided thereon at and prior to survey.

If he is entitled to entry at the date of purchase according to the practise he or his Legal representatives could be entitled to patent.

If patent should issue,to whom should it be issued ? to the executors or legal representatives ? thereby relieving the department of the responsibility of deciding who,if any, are the duly qualified executors.

If it be decided the legal representatives are entitled to homestead entry as applied for,it will,I presume,only be necessary to instruct the Lethbridge Agents to notify them to come forward him the fee for same,issue receipt and when that is issued,is there not sufficient evidence to warrant issue of patent without requiring anything further ?

Ref. 414370.

Department of the Interior,
Ottawa, 25th November, 1896.

Memorandum:-

Mr. Pearce refers here the case of the late A. B. Few. His widow, Alice Marguerite, now claims a patent for the land through her late husband. The land claimed is the East half of the North East quarter of Section 32, and that portion of the North West quarter of Section 33, lying west of the North Fork of the Old Man's River, in Township 8, Range 1 West of the 5th Meridian.

It appears that this land was the head quarters of the ranche, Jones, Inderwick & McCaul, leased by the Government to them on the 11th of April, 1882, which firm was succeeded by Inderwick in the year 1884, who was succeeded by Few during the year 1888. The township was surveyed in August 1886, and approved on the 16th ~~July~~ January, 1888.

Mr. Pearce states that if Mr. Few had obtained entry at the date he first settled and when he became sole proprietor of the ranche, he would without doubt ere this be entitled to his patent. Mr. Pearce goes on to say there are two points to be decided;(1) Can entry be granted as requested.(2) Can time prior to his entry now count. I think that both can be answered in the affirmative. Mrs. Few could make entry on behalf of her husband's estate, and if on making application for patent

A. M. Burgess, Esq.,
Deputy Minister
of the Interior.

patent the Commissioner is satisfied with the performance of the duties made in the past, then a patent can issue to Mr. Few's representative, or representatives.

Mr. Pearce appears to be in doubt as to whom the patent should issue. He asks whether to the Executors or Legal representativ s. I do not think Mr. Pearce can be exactly clear on this point. It must be evident, since the death f Mr. Few took place during the current year, that the patent has to issue to his personal representative, or representatives, who are of course the legal representatives, who are in turn either the Executors or Ad inistrators.of the estate. As t who the duly qualifified executors are the proper Court will decide that point. The land is vacant in the books here and in those of Mr. Ryley's Branch, with the exception that there is an application in his Branch for an irrigation ditch to be constructe across the land, otherwise it is vacant in both offices, and I think the entry should be granted.

Respectfully submitted,

LETTER NO. 12.835
REFERENCE NO. 8321

Sir:-

See yours of the 27th ultimo Ref.414.370. With reference to the second paragraph of your letter; while I have no doubt entry can be granted, the point is; should it be under the circumstances ? In short, the party from whom Mr.Few purchased had no title or claim to this particular section to dispose of except the right to graze thereon and the right to acquire a certain percentage of the leasehold under the winding up of the lease, so that I take it, that at the time Mr.Few took possession he was squatting on an old section of surveyed lands, which were withdrawn from homestead entry. Does the Land Act and regulations thereunder permit such a homestead entry to be granted ? Is the estate not sufficiently liberally dealt with in extending to them the privilege to purchase certain lands at $1.25 per acre ? I have thought it well specially to direct your attention to this so that you may be advised of all the conditions before instructing the Agent to grant entry. Kindly advise me what is to be done.

Ottawa, 30th December, 1896.

Memorandum for Mr. Burgess.

Case of Mrs. A. M. Few.

Mrs. Few claims the East half of the North East quarter of Section 32, Township 8, Range 1, West of the 4th Meridian, and that portion of the North West quarter of Section 33, lying West of the North fork of the old Man's River, in the same Township. Mr. Pearce states that this land was the headquarters of the ranche of Messrs. Jones, Inderwick & Macaul, leased to them on the 11th April, 1882, and that the firm was succeeded by Inderwick in or about 1884, and that Few succeeded Inderwick in 1888, and was sole owner from that time forth; that had Few obtained entry at the time he first settled, and when he became, apparently, the sole proprietor, he would ere this have been entitled to his homestead patent without doubt. Mr. Pearce goes on to ask, first, can entry be granted now to the widow, Alice Marguerite A. M. Few: and, second, can the time prior to entry be counted. You have already, on the 20th ultimo, ruled in the affirmative on both these points. The question now raised by Mr. Pearce is, since the party from whom the late Mr. Few purchased had no title or claim to this particular land to dispose of, except the right to graze cattle thereon, and the right to acquire a certain percentage of the leasehold upon the winding up of the lease, but takes it that when Mr. Few took posession he was squatting on an odd section of surveyed lands which were withdrawn from homestead entry. He, therefore,

asks

asks, first, does the Land Act and the regulations thereunder permit such a homestead entry to be granted: and, second, is the estate not sufficiently liberally dealt with in extending to them the privilege to purchase certain lands at $1.25 per acre. Mr. Pearce directs special attention to these points before instructing the Agent to grant entry to Mrs. Few.

Memorandum for Mr. Burgess.

At your suggestion I have examined the Barter case, and find that the same objection as to the land being part of an odd numbered section was raised in that case, and Mrs. Barter was obliged to pay $1 per acre, which we were authorised to accept by the Order in Council of the 1st April, 1886.

Memorandum.

I beg to submit the application of Mrs. Few, the widow of the late A.B. Few, to homestead the East half of the North East quarter of Section 32, Township 8, Range 1, West of the 5th Meridian, and that portion of the North West quarter of Section 33, lying west of the North fork of the Old Man's River, in the same Township, the difficulty in this case being that some of the land applied for is a portion of an odd-numbered section..

This land was the head-quarters of the ranche of Messrs. Jones, Inderwick & McCaul, leased on the 11th April, 1882. That firm was succeeded by Inderwick in or about 1884; the late Mr. Few succeeded Inderwick in 1888, and was sole lessee from that time forth. Had Mr. Few made homestead entry for the portion claimed within section 32 at the time he first became lessee, he or his legal representatives would now be entitled to patent therefor, but as to the portion of this land lying in section 33, Mr. Superintendent Pearce points out that the party from whom the late Mr. Few purchased had no title or claim to this particular land to dispose of, except the right to graze cattle thereon, and the right to acquire a certain percentage of the leasehold upon the winding up of the lease, and that when Mr. Few took possession he was simply squatting on an odd section of surveyed lands which were withdrawn from homestead entry.

In

The Hon. Clifford Sifton,
Minister of the Interior,
Ottawa.

In the somewhat similar case of Mrs. Lizzie M. Barter, widow of the late John James Barter, Manager of the Quorn Ranche, an Order in Council (marked) was passed on the 1st of April, 1896, authorizing the Minister of the Interior to sell to Mrs. Barter a portion of an odd-numbered section at $1 per acre. In my opinion the same concession should be made to Mrs. Few as to the portion of the North West quarter of Section 33 applied for by her. I beg further to recommend that Mrs. Few be given option of either homesteading the East half of the North East quarter of Section 32 above described, or of purchasing it at $1 an acre.

Respectfully submitted,

Minister of the Interior.

sections. The odd being railway lands and within the tract granted to the Calgary & Edmonton Railway payment will have to be made for such in cash, while the even numbered sections can be paid for in scrip; the reason for this being that the Government has to account to the Railway Company for all moneys received on account of the purchase of the odd numbered sections.

The odd numbered sections show an area of 1203 acres, which at $1.25 per acre makes the principal $1503.75, four instalments of one-tenth each due on the 1st May, 1897, $601.50, interest for three years on $1503.75, $270.68, making a total of $872.18 due this date which must be paid for in cash.

You will observe that in the odd numbered sections there has been omitted that portion of the North West quarter of Section 33, Township 8, Range 1 West of the 5th Meridian, lying west of the Old Man's River, which in a communication, dated the 30th March last, addressed to Mrs. A. B. Few, she was told she could purchase at $1.00 per acre, and in the even numbered sections there has been omitted the East half of the North East quarter of Section 32, in the same township, for the reason given in the preceding land, these two portions being lands occupied by the late Mr. Few as his homestead and coral. We have recently heard from the Registrar of the South Alberta Land Registration District that reservations as to mines and minerals were made in the original grants from the Crown; but referring us to you for further information.

It is true that the present land Certificates in the name of our client reserved the Mines and Minerals; but it appears to us that if the original Grant from the Crown did not reserve the Mines and Minerals our client cannot be deprived of them merely by the insertion of reservations

Under the circumstances set out in your letter of the 27th instant, it appears to me that the best arrangement to make in respect of the W½ 11-47-23 W 4 M is for Mr Wm Thos Edwards to fill up and subscribe the enclosed form of abandonment which, on completion, you will send direct to the Secretary of the Department, to whom your communication is being transmitted along with a copy of this letter.

I am requesting that the matter may be submitted to the Commissioner, with a view to his consideration and to such recommendation as may seem fitting. In reply to your letter of the 31st ultimo File-20548, I beg to say, that after considering the case of H. T. Later on should Mrs. Edmonds submit proof that her husband has left her, contributing nothing to her support, and is in the Poor House in London, her application to be permitted to make a homestead entry in her own name, will receive consideration.

Sir,

Referring to your letter of the 16th inst., file No. 20648, addressed to Mrs. Edmonds, Wetaskiwin, I am to quote for your information and guidance the following observations made by the Commissioner thereon:-

"I do not see how we can give Mrs. Edmonds an entry. Her husband is alive and has been living with her and has gone back to England. She is not the head of a family. He might return any day and claim an entry. We cannot as at present see anything to our letter of August 24th, 1900."

Your obedient servant,

Secretary.
